^B: Export Employment Source – DCEO-REMI analysis using data from: Dun and Bradstreet, Census Bureau, NAR, The Trade Partnership via the U.S. Bureau of Economic Analysis and Moody's Analytics data. This statistic will be updated in spring 2024.

^C: Export statistics are based on Origin of Movement methodology by the Census Bureau which collects information from the Customs and Border Protection from bills of lading. Has a known and important shortcoming especially regarding agriculture consolidation and consolidation in general at coastal ports. Logistics companies and commodity trading firms maybe the exporter of record even though the products came from a different state/producer.
