1.4 Do you consider households categorically eligible if at least one household member receives at least one of the following categories of benefits in the left column below? Yes No

1.4a. Provide your definition of categorical eligibility. Please explain how households are categorically eligible (i.e, do all household members need to receive the benefits or just one member, is there a data exchange in place?) and how categorical eligibility streamlines the LIHEAP application process.

The Department will continue considering households categorically eligible if one household member receives SNAP, TANF Cash and/or AABD Cash benefits in the previous month from the date of application. Although the Department indicates in the FY2026 LIHEAP State Plan that we consider households categorically eligible if one household member receives SNAP, TANF Cash and/or AABD Cash benefits, we collect additional information to establish eligibility, such as household composition, household income, etc. This is because all persons in a residence are considered a household for LIHEAP and different individual and family compositions in a household make up different SNAP, TANF, and/or Cash cases at the State's Department of Human Services. When a household with mixed categorical eligibility applies for LIHEAP, we don't say they are automatically eligible when we can't determine the correct household income without further documentation. As a result, there is no difference given to categorically eligible households as all applicants are required to provide household income documentation which is needed to compare with Illinois' LIHEAP Benefit Matrix. Income for all household members is also needed to establish eligibility for the Low Income Discount Rate. Categorical eligibility is used for Weatherization program. Households receiving public assistance must meet the annual income guidelines of up to 200% of the Federal Poverty Level.

1.5 Do you automatically enroll households without a direct annual application? Yes No

If Yes, explain:

Older adults and individuals with a disability with fixed income may be auto-enrolled by the LAA by adding the Cost of Living Adjustment (COLA) from previous years income and household income must be verified every three (3) program years.

1.6 How do you ensure there is no difference in the treatment of categorically eligible households from those not receiving other public assistance when determining eligibility and benefit amounts?

The Department will continue considering households categorically eligible if one household member receives SNAP, TANF Cash and/or AABD Cash benefits in the previous month from the date of application. Although the Department indicates in the FY2026 LIHEAP State Plan that we consider households categorically eligible if one household member receives SNAP, TANF Cash and/or AABD Cash benefits, we collect additional information to establish eligibility, such as household composition, household income, etc. This is because all persons in a residence are considered a household for LIHEAP and different individual and family compositions in a household make up different SNAP, TANF, and/or Cash cases at the State's Department of Human Services. As a result, there is no difference in treatment given to categorically eligible households as all applicants are required to provide household income documentation. Categorical eligibility is used for Weatherization program. Households receiving public assistance must meet the

annual income guidelines of up to 200% of the Federal Poverty Level.

Determination of Benefits 2605(b)(5) - Assurance 5, 2605(c)(1)(B)

2.4 Describe how you prioritize the provision of heating assistance to vulnerable populations, e.g., benefit amounts, early application periods, etc.

One priority group will be established under the 2026 LIHEAP State Plan. This priority includes: older adults, individuals with a disability, families with at least one child under age 6, and households with disconnected energy services (or within 7 days of the disconnection date).

The program will start October 1, 2025 and will be available to the Priority applicants. All other income eligible households will start applying November 1, 2025. The program will continue until August 15, 2026, or until funding is exhausted.

The Department will be using the highest possible level by household size and as a result, the LIHEAP income guidelines will be set at 60% State Median Income. However, for households larger than 12 members, the 150% will be set as the maximum income eligibility criteria.

2.5 Check the variables you use to determine your benefit levels. (Check all that apply):

Section 4: CRISIS ASSISTANCE

Eligibility - 2604(c), 2605(c)(1)(A)

4.1 Designate the income eligibility threshold used for the crisis component

Add	Household size	Eligibility Guideline	Eligibility Threshold
1	12	State Median Income	60.00%
2	15	HHS Poverty Guidelines	150.00%

4.2 Provide your LIHEAP program's definition for determining a crisis. If you administer multiple crisis assistance programs (winter, summer, and/or year-round), include all program definitions.

In the event of a household related crisis, the Illinois Department of Commerce and Economic Opportunity (the Department), in coordination with other pertinent agencies, will develop an appropriate response designed to eliminate the threat to life and health. Under such condition, the Department may utilize a portion of available 2026 LIHEAP funding to provide crisis assistance to low-income households affected by threatening conditions.

Reconnection Assistance (RA) will be provided when a household is in imminent disconnection status or is already disconnected by the utility from its primary heat source or from any secondary energy source that is heat related. Disconnection will be considered imminent when disconnection will occur within (7) days without the provision of crisis assistance.

Crisis assistance (Reconnection Assistance and Furnace Assistance) will be provided within 48 hours or 18 hours in the event of a life-threatening situation affecting the individual household. The 48/18 hour timeframe is from the day the customer's application is completed and all required documentation has been received and verified.

The amount of Reconnection Assistance will be the minimum amount needed to restore energy service to the household. Households are eligible for Reconnection Assistance payments not to exceed a total of \$1,500 per household per year. All RA payments combined cannot exceed the applicant benefit limit of \$1,500. Applications for primary and secondary Reconnection Assistance payments do not have to be done simultaneously. The household is allowed to apply for a Reconnection Assistance payment for one vendor. This is not to be interpreted to mean that the household is entitled to the maximum benefit. The time of the application, the amount for reconnection, and the availability of funding will determine if each household is applying for Reconnection Assistance benefits will receive the maximum. If the household is in need of Reconnection Assistance during the Program Year and they have not received the full \$1,500 possible RA amount, they can return for additional assistance up to the \$1,500 maximum amount.

Furnace Assistance will be provided until May 29, 2026 or until the furnace allocation is exhausted, to households that qualify for and receive a LIHEAP energy assistance benefit in the 2026 Program Year. Furnace Assistance benefits are for households that do not have an operating furnace and/or a safe heat source for their residence. Furnace Assistance benefits, which may include tune-up, repair, or replacement, will be utilized to restore a vital heat supply to the home. The Furnace Assistance component will be operated in collaboration with the LAA's Weatherization program. The LAAs are uniquely situated to define and develop individualized responses to energy related emergencies. Packaged (heating and cooling) units may be repaired or replaced using Furnace Assistance, as with any other furnace, replacements of these units must be justified as the safest, most effective measures needed to safely restore heat to the residence. Additionally, water heating venting corrections are allowable health and safety expenditure.

The Department will continue administering the Furnace Assistance Voucher Program as part of the Furnace Assistance Program. This was a pilot program that began in FY22 and continues adding more LAAs. This voucher program will continue to be optional and LIHEAP Local Administering Agencies that decide to administer this voucher pilot will be pre-approved by the Department. Under the Furnace Voucher Program customers will: 1- apply for Furnace Assistance through their LAA; 2-LAA will document whether the customer has a safe place to go if they do not have heat, so the 48/18 hours crisis assistance requirement is met. The LAA provides a pre-qualified list of HVAC contractors in the area; 3- customer selects a contractor from the list or recommends their own contractor (who must meet the pre-qualifications); 4- After the repair/

replacement is completed, the LAA works with the contractor to pay allowable voucher amount. At some of the LAAs the customer may have a Customer Payment Responsibility, if total bill exceeds the maximum allowable Furnace Assistance benefit amount; 5-Contractor signs a voucher acceptance form stating that safe heat has been restored to the customer, prior to voucher being paid.

4.3 What constitutes a life-threatening crisis?

Reconnection Assistance and Furnace Assistance will be provided within 18 hours from the date and time the customer's application is complete if the energy crisis is life-threatening. For the purpose of implementing the 18-hour processing provision exists if the following conditions are met:

- The temperature is 32° Fahrenheit or below.
- The household is not protected by the Illinois Commerce Commission (ICC) rules or similar local laws.
- Reconnection is the only available remedy, i.e, the household does not have alternate shelter, lacks a safe temporary means of heat, and/or is homebound.

Each local agency is required to develop specific written procedure to implement the 18-hour provision in an equitable manner, including from which source the outside temperature was established (e.g. via Intellicast.com for the customer's city of residence). To expedite the application, Outreach sites are required to securely scan and email applications that require an 18-hour response along with the supporting documentation to the LAA-Main Office via a secure file transfer system.

Explanations of policies for each "yes" checked above:

Priority eligibility for older adults, individuals with a disability, families with at least one child under age 6 and/or disconnected/imminent disconnected households is detailed in Section 2.4 of this Model Plan. The Department must set aside a portion of the State's allocation for use in crisis situations. Under this component, funds may be used for either weather or supply emergencies that affect the entire eligible population or for

crisis-related situations that affect an individual household to the extent funds are available. The policies for eligibility to receive crisis benefits are explained in Section 4.2 of this Model Plan.

The additional/differing policy for renters whose primary heat utility is included in rent state a one-time "Cash" benefit (in the form of a check to the customer) is available to renters.

The Department will be using the highest possible level by household size and as a result, the LIHEAP income guidelines will be set at 60% State Median Income. However, for households larger than 12 members, the 150% will be set as the maximum income eligibility criteria.

Permanent or temporary outreach sites are located in all sections of the LAA's service area. They are visible at the community level and ideally have nearby public transportation; the buildings are accessible to persons with disabilities. Possible outreach/intake sites may include agency central and satellite offices, older adult centers, nutrition sites, government offices, churches or community facilities. Preference should be made for sites that accommodate secure internet access for automated intake with LIHEAP.net (Illinois' LIHEAP database for authorized State and LAA users).

Add	Household Size	Eligibility Guideline	Eligibility Threshold
1	All Household Sizes	HHS Poverty Guidelines	200.00%

5.2 Do you enter into an interagency agreement to have another government agency administer a WEATHERIZATION component? Yes No

5.3 If yes, name the agency and attach a copy of the Internal Agreement or Contract.

5.4 Is there a separate monitoring protocol for weatherization? Yes No

WEATHERIZATION - Types of Rules

5.5 Under what rules do you administer LIHEAP weatherization? (Check only one.)

Entirely under LIHEAP (not DOE) rules

Entirely under DOE WAP (not LIHEAP) rules

Mostly under LIHEAP rules with the following DOE WAP rule(s) where LIHEAP and WAP rules differ (Check all that apply):

Income Threshold

Weatherization of entire multi-family housing structure is permitted if at least 66% of units (50% in 2- & 4-unit buildings) are eligible units or will become eligible within 180 days

Weatherize shelters temporarily housing primarily low income persons (excluding nursing homes, prisons, and similar institutional care facilities).

Other - Describe:

Mostly under DOE WAP rules, with the following LIHEAP rule(s) where LIHEAP and WAP rules differ (Check all that apply.):

Income Threshold

Weatherization not subject to DOE WAP maximum statewide average cost per dwelling unit.

Weatherization measures are not subject to DOE Savings to Investment Ratio (SIR) standards.

Other - Describe:

No QCI Final Inspection is required for HHS funded homes. Also, LIHEAP Weatherization follows the DOE 200% income eligibility threshold.

Use of HHS funds to address healthy home issues and deferral remediation. These measures are also approved in our DOE State Plan.

Eligibility, 2605(b)(5) - Assurance 5

5.6 Do you require an assets test? Yes No

5.7 Do you have additional/differing eligibility policies for :

Renters Yes No

Renters living in subsidized housing? Yes No

Renters with utilities included in the rent? Yes No

5.8 Do you give priority in eligibility to:

Older Adults? Yes No

Individuals with a disability?	<input checked="" type="radio"/> Yes <input type="radio"/> No
Young Children?	<input checked="" type="radio"/> Yes <input type="radio"/> No
House holds with high energy burdens?	<input type="radio"/> Yes <input checked="" type="radio"/> No
Other? High energy use	<input checked="" type="radio"/> Yes <input type="radio"/> No

If you selected "Yes" for any of the options in questions 5.6, 5.7, or 5.8, you must provide further explanation of these policies in the text field below.

A priority ranking system will be used for all homes in the Weatherization Program. Multi-Family buildings (buildings of 5 or more units) are not subject to priority ranking.

Weatherization applications are taken on a first-come, first-served basis. Households containing older adults, individuals with a disability, high energy user and/or young children will be given priority for weatherization services. Lower priority-ranked, income-eligible households will be served later in the program year, or when funding is available.

Every household is ranked and assigned a priority by the IWx database system. IWx automatically calculates the priority points in the following manner: elderly, disability, high energy user and children.

The Weatherization Program requires landlord approval/consent to work on the property of a renter. Before beginning an assessment, the LAA should have the owner/authorized agent review and sign the IHWAP rental agreement. The agreement ensures that the building owner agrees to give permission to implement the weatherization work, confirms that the building is not currently for sale, tenants are to receive the benefits from weatherization, and most importantly, the owner agrees to not raise the rent for at least 12 months from date of project completion. The agreement also makes clear that the weatherization work is guaranteed for one year. The agreement should be submitted as part of the Project Eligibility approval. Without this agreement, it would not make sense to commit resources towards conducting an assessment.

Benefit Levels

5.9 Do you have a maximum LIHEAP weatherization benefit/expenditure per household? Yes No

5.9a If yes, what is the maximum? \$12,000

5.10 Do you use an Average Cost per Unit (ACPU). Yes No

5.10a If so, what is the ACPU amount? \$0

Section 6: Outreach, 2605(b)(3) - Assurance 3, 2605(c)(3)(A)

6.1 Select all outreach activities that you conduct that are designed to assure that eligible households are made aware of all LIHEAP assistance available:

Place posters/flyers in local and county social service offices, offices of aging, Social Security offices, VA, etc.

Publish articles in local newspapers or broadcast media announcements.

Include inserts in energy vendor billings to inform individuals of the availability of all types of LIHEAP assistance.

Mass mailing(s) to prior-year LIHEAP recipients.

Inform low income applicants of the availability of all types of LIHEAP assistance at application intake for other low-income programs.

Execute interagency agreements with other low-income program offices to perform outreach to target groups.

Web Posting

Email

Texting

Events

Social Media

Other (specify):

Use of social media (Facebook/Meta Platforms, Inc., and X) to inform households of the availability of LIHEAP and share important information. In addition, Local Administering Agencies will continue utilizing the LIHEAP Unreturned Customer report to reach out prior year customers who have not applied for assistance yet.

Outreach is one of the Grant Agreement Conditions with our 33 LIHEAP Local Administering Agencies (LAAs). All of these outreach activities are covered by the Department and/or the LAAs.

Illinois partnered with DCC Marketing Firm to run a pilot LIHEAP targeted marketing campaign in PY25. Upon analysis of zip code data, certain communities in seven Illinois counties - Lake, Will, Kane, McHenry, Kankakee, Tazwell, and Cook showed under-enrollment for eligible LIHEAP populations. The marketing campaign grouped the counties into three markets: Suburban (Lake, Will, Kane, and McHenry Counties), Rural (Tazewell and Kankakee Counties), and City (Chicago in Cook County) and created customized tactics and strategies for the communities. For each market, specific zip codes were assigned to a target group and are being compared to similarly aligned zip codes in the control group to evaluate the impact of targeted marketing efforts to boost LIHEAP enrollment numbers. The campaign started on January 28, 2025 and ran for at least six (6) weeks ending in March 2025. We do not have any results at this time to report.

8.6 What is your process for selecting local administering agencies?

The Department has developed a network of Local Administering Agencies (LAAs) to act as local service providers in accordance with this assurance. We will continue utilizing these agencies, whenever possible, to operate the LIHEAP program. A Notice of Designation Opportunity (NODO) process is issued for the replacement of a local agency due to poor performance and/or non-compliance.

The Department will give special consideration to the designation of such agencies, to any local or private nonprofit agency that was receiving federal funding under any low income energy assistance program or weatherization program under the Economic Opportunity Act of 1964 or any other provision of law on the day before the date of the enactment of this Act, except that: (1) the state shall, before giving such special consideration, determine that the agency involved meets program and fiscal requirements established by the state, and (2) if there is no such agency because of any change in the assistance furnished to programs for economically disadvantaged persons, the state shall give special consideration in the designation of LAAs to any successor that is operated in substantially the same manner as the predecessor agency that did receive funds for the fiscal year preceding the fiscal year which the determination is made.

To be eligible for funding opportunity, a local agency must submit an annual application to the Department for funding. In addition, LAAs are required to submit a standard grantee application and a program implementation plan prior to the start of the program year. Applications must include/demonstrate the following areas:

- 1- An effective outreach referral program (evidenced by services to customers in accordance with their incidence in the census-based client population of the service area) and continuing planning process and capability (evidenced by demonstrated applicant staff capability to complete federal and/or state grant applications and reporting documents).
- 2- An accounting system that meets generally accepted accounting principles of the American Institute of Certified Accounts (AICPA) (1989).
- 3- An effective citizen participation/community involvement program.

**LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP)
MODEL PLAN**

Section 9: Energy Suppliers, 2605(b)(7) - Assurance 7

9.1 Do you make payments directly to home energy suppliers?

Heating Yes No

Cooling Yes No

Crisis Yes No

Are there exceptions? Yes No

If yes, Describe.

If the vendor refuses to sign a vendor agreement, the LAA will attempt to find an alternative participating vendor for the household and document these efforts by checking with neighboring LAAs or a list of available propane vendors from the Illinois Propane Gas Association. If this is impossible or no alternate vendor is available, the energy assistance benefit will be paid to the household and the vendor in the form of a two-party check.

9.2 How do you notify the client of the amount of assistance paid?

Eligible households will receive a written notification from the LAA with the amount of assistance provided on their behalf to a home energy vendor within 30 days from the customer's application complete date.

9.3 How do you assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment?

Prior to the receipt of funds under the Plan, home energy vendors will be required to sign a written vendor agreement that will guarantee Assurance 2 through 5. The Department will attempt to periodically monitor vendor agreements.

In the Weatherization component, no payments are made to energy vendors.

9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance?

Prior to the receipt of funds under the Plan, home energy vendors will be required to sign a written vendor agreement that will guarantee Assurance 2 through 5. The Department will attempt to periodically monitor vendor agreements.

In the Weatherization component, no payments are made to energy vendors.

9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households?

Yes No

If so, describe the measures unregulated vendors may take.

Attach a copy of the template statewide vendor agreement or a policy that indicates local agreements must adhere to statewide policies and assurances.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.

Section 10: Program, Fiscal Monitoring, and Audit, 2605(b)(10)

10.1. How do you ensure good fiscal accounting and tracking of funds?

The State of Illinois ensures that fiscal and fund accounting procedures are established and maintained as may be necessary to ensure the proper receipt and disbursement of federal funds paid to the state. This includes procedures for regularly monitoring the assistance provided under this Title and providing that the state shall have a single audit conducted according to OMB Uniform Guidance 2 CFR Part 200 of its expenditure of amounts received under this Title and amounts transferred to carry out the purposes of this Title.

All LAAs are required to maintain an integrated accounting system that provides for accountability of public funds and meets the required OMB Uniform Guidance 2 CFR Part 200 and OMB 45 CFR Part 75. In addition to the ongoing financial evaluation, the Illinois Department of Commerce and Economic Opportunity's grant management staff in the Office of Community Assistance closely monitor the programmatic and fiscal activities of all LAAs or other entities carrying out the energy assistance, crisis assistance, and Weatherization component of this Plan.

The Department's Office of Financial Management is available to provide training and technical assistance to the agencies in the structuring of their fiscal management systems. This includes on-going help in establishing integrated accounting and cost allocation systems.

The Auditor General of the State of Illinois (OAG) conducts an annual statewide single audit in accordance with auditing standards generally accepted in the United States of America. Government Auditing Standards Single Audit Act Amendments of 1996, and OMB Uniform Guidance 2 CFR Part 200. The OAG submits the annual statewide single audit to the Federal Audit Clearinghouse and the Illinois Legislative Audit Commission.

10.1a Provide your definitions of the following:

Obligation

when used in connection with an awardee's utilization of funds under an award, means: orders placed for property and services; contracts and subawards; and similar transactions, during a given period that require payment by the awardee during the same or future period.

Expenditures

means charges made by an awardee to a project or program for which a State, federal or federal pass-through award was received. The charges may be reported on a cash or accrual basis, as long as the methodology is disclosed and inconsistently applied. For reports prepared on a cash basis, expenditures are the sum of:

Cash disbursements for direct charges for property and services;

The amount of indirect expense charged;

The value of third-party in-kind contributions applied; and

The amount of cash advance payments and payments made to subrecipients.

For reports prepared on an accrual basis, expenditures are the sum of:

Cash disbursements for direct charges for property and services;

The amount of indirect expense incurred;

The value of third-party in-kind contributions applied; and

The net increase or decrease in the amounts owed by the awardee for:

Goods and other property received;

Services performed by employees, contractors, subrecipients and other payees; and

Programs for which no current services or performance are required, such as annuities, insurance claims or other benefit payments.

Expenditure timeframe

"Period of Performance" means the time during which the awardee may incur new obligations to carry out the work authorized under the State, federal or federal pass-through award. The State grantmaking agency, federal awarding agency or federal pass-through entity must include start and end dates of the period of performance in the award (see, as applicable, Section 7000.370(a)(1) of this Part, UR section 200.210(a)(5), and UR section 200.331(a)(1)(D)).

Administrative costs

"Indirect (Facilities & Administrative (F&A)) Costs" or "Indirect Facilities and Administrative Costs" means those costs incurred for a common or joint purpose benefitting more than one cost objective, and not readily assignable to the cost objectives specifically benefitted without effort disproportionate to the results achieved. To facilitate equitable distribution of indirect expenses to the cost objectives served, it may be necessary to establish a number of pools of indirect costs. Indirect cost pools must be distributed to benefitted cost objectives on bases that will produce an equitable result in consideration of relative benefits derived.

Section 12: Fair Hearings, 2605(b)(13) - Assurance 13

12.1 How many fair hearings did the Grant recipient have in the prior federal Fiscal Year? 1

12.2 How many of those fair hearings resulted in the initial decision being reversed? None

12.3 Describe any policy and/or procedural changes made in the last federal Fiscal Year as a result of fair hearings?

None

12.4 Describe your fair hearing procedures for households whose applications are denied and/or not acted upon in a timely manner.

The Department developed a system that provides an opportunity for a fair dispute resolution process to households whose claims for assistance under this Plan (including claims for weatherization assistance) are denied or are not acted upon within the prescribed timeliness set forth in 47 Ill. Admin Code 100.250(d), or if there's a dispute regarding the amount or type of assistance provided.. The dispute resolution process includes three levels of review: The informal conference process conducted at the Local Administering Agency level; Review of the LAA decision at the State/Department's programmatic review level; and the formal administrative hearing through the Department's administrative hearing rules (56 Ill Admin Code 2605).

- Informal Conference Review Process

Any applicant receiving or denied energy assistance has a right to request an informal conference within thirty (30) days of receipt of a notice of a decision on the applicant's application. The LAA shall designate a staff member who was not involved in the original decision as the hearing officer to conduct the informal conference which must be held within fifteen (15) calendar days of the receipt of request. The informal conference is designed to understand the action taken by the LAA or the reason for delay. At the end of the informal conference, the LAA will provide the claimant with a written statement describing the result of the conference and citing the policy reasons for the decision. A copy of the report must be filed in the applicant's file. In the event the claimant is not satisfied with the informal conference determination, the claimant may request a review at the Department's programmatic level by submitting a Request for State Review in writing with the Department within thirty (30) days after the informal conference determination citing the specific LAA at which the household applied for assistance, informal conference date and decision, and the reasons for requesting state review. All informal conference determination will contain Request for State Review attached to the determination.

- State/Department Programmatic Level Review (State Review)

If claimant's written request is timely filed within thirty (30) days, the Department shall designate a staff member as the "State Reviewing Officer" to conduct the programmatic level review. During this process, the State Reviewing Officer will review the claimant's file and the informal conference report. After review, the Department will issue a written determination that will be sent to the claimant and LAA within fifteen (15) days from the date of the request for State review. If the claimant is not satisfied with the State's determination, he/she will have thirty (30) days to submit a written request for a formal hearing citing the specific LAA at which the household applied for assistance, informal conference date, state review decision and date, and the reasons for requesting a formal hearing to the Department.

- Formal Administrative Hearing

If claimant's written request is timely filed within thirty (30) days, the Department will follow the applicable hearing rules set forth in the Illinois Administrative Procedures Act (5 ILCS 100/ *et al*) and corresponding Administrative Rules at 56 Ill. Admin. Code 2605

12.5 When and how are applicants informed of these rights?

Applicants are informed verbally and also receive a handout of their appeal rights at the time of application. In addition, posters are placed in all intake sites as an additional form of notice of fair hearing rights.

Appeal Rights are also available on the Department's website, and on the Customer Inquiry webservice that customers may visit to check the status of their application.

The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

Section 19: Certification Regarding Drug-Free Workplace Requirements

Section 19: Certification Regarding Drug-Free Workplace Requirements

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

1. By signing and/or submitting this application or grant agreement, the Grant recipient is providing the certification set out below.
2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the Grant recipient knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
3. For Grant recipients other than individuals, Alternate I applies.
4. For Grant recipients who are individuals, Alternate II applies.
5. Workplaces under grants, for Grant recipients other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the Grant recipient does not identify the workplaces at the time of application, or upon award, if there is no application, the Grant recipient must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the Grant recipients drug-free workplace requirements.
6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).
7. If the workplace identified to the agency changes during the performance of the grant, the Grant recipient shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

Employee means the employee of a Grant recipient directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the Grant recipients payroll.
