JB Pritzker, Governor

June 28, 2021

Dear Governor Pritzker and Members of the General Assembly:

As you know, the Economic Development for a Growing Economy (EDGE) Tax Credit Program is a local economic development tool that aims to promote job creation in Illinois through the award of tax credits to eligible businesses. As provided for in the EDGE Act, I am submitting an annual report summarizing the status of the program. Please feel free to contact me if you have any questions.

Sincerely,

A handwritten signature in cursive script that reads "Sylvia I. Garcia".

1. Introduction

The Economic Development for a Growing Economy (“EDGE”) Tax Credit Program (the “EDGE Program” or “Program”) is one of the most impactful business incentives offered by the Illinois Department of Commerce and Economic Opportunity (“DCEO” or the “Department”). EDGE is a targeted tax incentive program that provides credits for businesses that create new full-time jobs, retain existing full-time jobs and make capital investments in Illinois. EDGE is designed to help areas of Illinois that are in direct competition with other states for jobs and development. The following report identifies the guidelines and accomplishments of the EDGE Program through Calendar Year 2020.

In 2020, pursuant to House Resolution No. 381, the Office of the Auditor General (the OAG) concluded its audit of the Program. Amongst its recommendations, the OAG suggested several changes to the EDGE Act. Those changes were included in SB 1690, which recently passed both houses of the General Assembly. Included amongst these changes was allowing the annual report to incorporate by reference, rather than include copies of, the EDGE agreements. Section 5 follows this approach by providing links to the agreements posted on the Department’s website.

2. Eligibility Requirements

The EDGE Program is intended to help Illinois compete with other states for the location of job creation or retention projects. The Department operates and administers the EDGE Program. Based on a review of a written application submitted by a company interested in the EDGE Program and other due diligence performed by DCEO, the Department is authorized to designate qualified businesses as “eligible” and enter into EDGE Tax Credit Agreements with such companies. Eligible businesses may claim a nonrefundable and non-transferable tax credit against state income taxes. (The amount of the tax credit is calculated based on the income taxes paid by new employees and the retained employees, as well as certain eligible training costs for new employees.)

The Department administers EDGE pursuant to 35 ILCS 10/5-1, *et seq.* (the “EDGE Act”). The EDGE Act originally established the EDGE Program in 1999, which ultimately sunset on April 30, 2017. EDGE was reinstated in modified form later in 2017, effective September 18, 2017. DCEO administers agreements under both versions of the EDGE Act.

1999 EDGE Legislation (as amended from time-to-time, sunset April 30, 2017)

Requirements (*applies to all agreements executed by the Department on or before April 30, 2017*)

Designation is contingent upon the business undertaking a development project that, among other requirements:

- For companies with employment of 100 or more:
 - Involves at least 25 new Full-Time Employees within the State as a direct result of the project and at least \$5 million in capital investment placed in service in Illinois; or
 - Involves at least 50 new Full-Time Employees as a direct result of the project and at least \$2.5 million in capital investment placed in service in Illinois.

- For companies with employment of less than 100:
 - Involves at least five (5) new Full-Time Employees as a direct result of the project and at least \$1 million in capital investment placed in service in Illinois.
- The Director also had discretion under the prior EDGE statute to award EDGE where companies which would not create the requisite amount of jobs or make the requisite level of capital investments, but would fulfill at least one (1) of the following conditions: the applicant is located in a distressed community with an unemployment rate that is higher than the State’s average; the applicant is located in an area with limited economic development prospects as evidenced by prior and current development activities; approval would support a business with potential to generate additional growth in the area and create jobs as a result of spin-off business; or approval would avert loss of one of the area’s major sources of employment.
- All companies eligible for the EDGE Program were required to make the following showings:
 - Substantiates that a viable project site exists outside of Illinois (“out-of-state option”); and
 - Identifies that a cost differential between the out of state option and Illinois site exists and but for EDGE tax credit assistance, the applicant will not locate the project in Illinois (the “But For” determination).

Benefits

Benefits include income tax credits for job creation and retention in amounts up to 100% of applicable Illinois employee payroll withholding.

2017 EDGE Legislation

Requirements (*applies to all agreements executed by the Department on or after September 18, 2017*)

Designation is contingent upon the business undertaking a development project that, among other requirements:

- For companies with world-wide employment of more than 100 full-time employees:
 - Involves (a) hiring new full-time employees equal to the lesser of ten percent (10%) of world-wide employment or 50 new full-time employees within the State as a direct result of the project; and (b) at least \$2.5 million in capital investment placed in service in Illinois.
- For companies with world-wide employment of 100 or less full-time employees:
 - Involves (a) hiring new full-time employees equal to the lesser of five percent (5%) of world-wide employment or 50 new Full-Time Employees within the State as a direct result of the project and (b) while no minimum capital investment is required, future cumulative tax credits cannot exceed capital investment in the project.
- All companies eligible for the EDGE Program are required to make, among others, the following showings:
 - Substantiates that a viable project site exists outside of Illinois (“out-of-state option”); and

- Identifies that a cost differential between the out-of-state option and Illinois site exists and without EDGE tax credit assistance, the applicant will not locate the project in Illinois.

Benefits

Benefits include income tax credits for job creation and retention in the following amounts:

- New Job Creation & Project Investment-Base Credits:
 - The lesser of (a) 50% of Illinois payroll withholding of new full-time jobs at the project and 10% of eligible training costs of new full-time employees at the project; or (b) 100% of the Illinois payroll withholding for new full-time employees at the project.
- New Job Creation Credits & Project Investment-Companies in “Underserved Areas”:
 - The lesser of (a) 75% of Illinois payroll withholding of new full-time jobs at the project and 10% of eligible training costs of new full-time employees at the project; or (b) 100% of the Illinois payroll withholding for new full-time employees at the project.
- The 2017 legislation also specifically grants the Department discretion to award credits for retained employees as part of an EDGE agreement under certain circumstances. Such an award entitles the benefitted company to receive 25% of Illinois payroll withholding for retained employees. Beginning in August 2019, DCEO began exercising this discretion to award credits for retained employees for new projects located in underserved areas.

3. Competitor State Tax Incentive Programs

Illinois’ primary competitors for business locations and expansions are the bordering states of Kentucky, Indiana, Iowa, Missouri and Wisconsin. These states have adopted similar tax credit programs as incentives for businesses locating or expanding operations. However, other non-border states have become increasingly aggressive in seeking to relocate business from Illinois as well. The table below shows the similarities of the programs from the most frequently cited out-of-state options and highlights the advantages of the Illinois EDGE Tax Credit Program. The table illustrates that the EDGE Tax Credit Program is somewhat competitive with those of bordering states, as well as certain other states with whom Illinois regularly finds itself in competition. Other states regularly competing with Illinois that have roughly analogous incentive programs include the following: Arizona, Arkansas, Colorado, Connecticut, Florida, Kansas, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Nebraska, Nevada, New Jersey, New York, North Carolina, North Dakota, Oklahoma, Pennsylvania, South Carolina, Tennessee, Texas, Virginia, and West Virginia.

8. Vendor Diversity and Sexual Harassment Reporting for 2020

In 2017, the reinstated EDGE Act provided a new requirement based on the Public Utility Act requiring that new EDGE recipients report annually on the diversity of vendors (Section 57). In 2018, the EDGE Act was further amended, effective January 1, 2019, to require new EDGE recipients to file annual reports with DCEO regarding sexual harassment policies (Section 58). Beginning July 1, 2018, the Department also required any company amending an EDGE agreement entered into prior to April 30, 2017 to contractually agree to provide the annual reporting under Sections 57 and 58 as well.

The following provides a high level summary of the spending for certain categories of suppliers and vendor businesses as a percent total capital expenditures on suppliers and vendors:

- **Percentages of total corporate expenditures**
 - Minority Business Enterprise – 16.9%
 - Women Business Enterprise – 2.75%
 - Veteran Business Enterprise – 1.2%
- Worldwide FT Employees reported – 415,951
- All reports certify that they maintain a written sexual harassment policy
