

Illinois Film Production Services Tax Credit Annual Report
FY2019 July 1, 2018 – June 30, 2019

When a production company is ready to claim their credit, they engage an Illinois licensed independent Certified Public Accountant who submits a report attesting to the qualified expenses including exact numbers of Illinois residents hired, and vendors used. However, the Film Tax Credit rule provides qualified productions up to two years from the completion of the project to claim a tax credit. Therefore, the figures reported may be for projects dating back to 2014.

Beginning in FY2015 Q1, reporting methodology was changed from using spending estimates provided upon application to actual expenditures reported when the credit is claimed. However, we continue to report estimates for performance metrics. Estimates, while less precise, are timelier. Furthermore, projects awarded tax credits during this period may have been previously counted using the prior methodology.

Amount of film production spending in Illinois and number of job hires:

FY19 Actual	Credits Issued	TOTAL Qualified Expenses*	Qualified IL Wages*	Qualified IL Vendor Expenses*	Production Office Hires**	Crew Hires**	Talent Hires** ***	Total Job Hires (EXCLUDES EXTRAS)
Commercial	206	50,458,708.56	26,586,450.65	23,872,257.91	1,110	5,468	897	7,475
TV	46	328,067,138.93	196,688,603.70	131,378,535.23	664	8,837	1,551	11,052
Film	19	57,342,192.85	32,977,724.61	24,364,468.24	92	2,916	375	3,383
TOTAL	271	\$ 435,868,040.34	\$ 256,252,778.96	\$ 179,615,261.38	1,866	17,221	2,823	21,910

*Actual expenses reported are measured from the date of issuance of the tax credit. Costs may have been incurred/paid in prior periods.

** Job hires represent a count of Illinois residents hired on productions and do not reflect unique individuals. Some residents may have worked on more than one project.

*** There were 19,490 “Extras” reported on these projects; however, they are not included in Talent Job Hires for the sake of conservatism.

Types of vendors hired, depending on production needs, include but are not limited to caterers, janitorial service companies, security companies, lumber yards, hardware stores, fabric stores, clothing companies, grocery stores, gasoline stations, hotels, restaurants, parking garages, office rentals, stage rentals, computer rentals, insurance companies and legal services.

- We are unable to track vendor related jobs. Any given project will use hundreds of vendors and we do not track how many employees of a particular vendor work on each project.
- In July 2018, P.A. 100-603 (SB 1461) was signed into law amending 34 ILCS 16/45 to help the Department comply with the statutory mandate that requires the Department to report the number of minority-owned vendor firms contracting with qualified Film Tax Credit recipients. Specifically, the new law, sponsored by Holmes, Kifowit/Turner, sets reasonable thresholds on vendor reporting. Additionally, it seeks to resolve the conflicts between the statutory reporting provisions that the Department make public proprietary and confidential information regarding vendor costs utilized by productions and prohibition of such information from disclosure within the same Act.

Whether or not the human infrastructure reflects diversity of the state of Illinois:

- The film tax credit statute contains a diversity reporting requirement which means that no production will receive the tax credit without proof of a best faith effort to hire women and minorities as part of the technical crew and office staff.

FY19 Diversity Hiring Outcomes*		
Crew	#	%
White Males	7,907	49%
White Females	3,141	19%
African American	1,784	11%
Hispanic	1,958	12%
Asian	689	4%
Native American	107	1%
Other	590	4%
Total	16,176	100%
Non-White	28%	
White Females	19%	
Protected Class	47%	

- In order to promote racial diversity in the film industry in the state of Illinois, the Illinois Film Office continues to encourage educational opportunities for minorities to be trained for working in film and television. Illinois is the only state with a film production tax credit program with such a requirement. The Illinois Film Office provides support to a wide range of not for profit programs such as Free Spirit Media, Independent Film Project- Chicago, Midwest Independent Film Festival Summer student program, all of whom provide training programs for minority, women and underserved communities. In addition, DCEO has previously provided grant funding to IATSE Studio Mechanics Union (Local 476.) specifically for this purpose. The FILM office has worked with and met with our stakeholders to enhance awareness amongst labor trade unions, legislators, community leaders, and companies across the film industry to educate and inform about ways to succeed with a diverse workforce. Overall crew and production office staff racial diversity was at 28% in FY 2019 up from 14% when the program was established.
