

**Illinois Film Production Services Tax Credit Annual Report**  
**FY2022: July 1, 2021 – June 30, 2022**

When a production company is ready to claim their credit, they engage an Illinois licensed independent Certified Public Accountant who submits a report attesting to the qualified expenses including exact numbers of Illinois residents hired, and vendors used. However, the Film Tax Credit rule provides qualified productions up to two years from the completion of the project to claim a tax credit. Therefore, the figures reported may be for projects dating back to 2016.

Beginning in FY2015 Q1, reporting methodology was changed from using spending estimates provided upon application to actual expenditures reported when the credit is claimed. However, we continue to report estimates for performance metrics. Estimates, while less precise, are timelier. Furthermore, projects awarded tax credits during this period may have been previously counted using the prior methodology.

Amount of film production spending in Illinois and number of job hires:

<b>FY22 ACTUAL</b>	<b>Credits Issued</b>	<b>TOTAL IL Expenses*</b>	<b>IL Wages Paid*</b>	<b>Production Office Hires**</b>	<b>Crew Hires**</b>	<b>Talent Hires**</b>	<b>Total Estimated Job Hires (EXCLUDES EXTRAS)***</b>
<b>Commercial</b>	<b>161</b>	\$ 45,098,418.48	\$ 23,745,559.88	550	4,175	445	5,170
<b>TV</b>	<b>25</b>	\$ 398,058,840.24	\$ 239,828,677.51	255	8,228	1,492	9,975
<b>Film</b>	<b>9</b>	\$ 18,824,628.98	\$ 10,448,186.86	57	762	61	880
<b>TOTAL</b>	<b>195</b>	\$ 461,981,887.70	\$ 274,022,424.25	862	13,165	1,998	16,025

\*Actual expenses reported are measured from the date of issuance of the tax credit. Costs may have been incurred/paid in prior periods.

\*\* Job hires represent a count of Illinois residents hired on productions and do not reflect unique individuals. Some residents may have worked on more than one project.

\*\*\* There were 13,164 “Extras” reported on these projects; however, they are not included in Talent Job Hires for the sake of conservatism.

Types of vendors hired, depending on production needs, include but are not limited to caterers, janitorial service companies, security companies, lumber yards, hardware stores, fabric stores, clothing companies, grocery stores, gasoline stations, hotels, restaurants, parking garages, office rentals, stage rentals, computer rentals, insurance companies and legal services.

- We are unable to track vendor related jobs. Any given project will use hundreds of vendors and we do not track how many employees of a particular vendor work on each project.
- In July 2018, P.A. 100-603 (SB 1461) was signed into law amending 34 ILCS 16/45 to help the Department comply with the statutory mandate that requires the Department to report the number of minority-owned vendor firms contracting with qualified Film Tax Credit recipients. Specifically, the new law, sponsored by Holmes, Kifowit/Turner, sets reasonable thresholds on vendor reporting. Additionally, it seeks to resolve the conflicts between the statutory reporting provisions that the Department make public proprietary and confidential information regarding

vendor costs utilized by productions and prohibition of such information from disclosure within the same Act.

Whether or not the human infrastructure reflects diversity of the state of Illinois:

- The film tax credit statute contains a diversity reporting requirement which means that no production will receive the tax credit without proof of a best faith effort to hire women and minorities as part of the technical crew and office staff.

Hiring Diversity	FY22	
<u>Crew</u>	<u>#</u>	<u>%</u>
White Males	5,984	47%
White Females	2,352	18%
African American	1,576	12%
Hispanic	1,454	11%
Asian	552	4%
Native American	55	0%
Other	779	6%
<b>Total</b>	<b>12,752</b>	<b>100%</b>
Non White	28%	
White Females	18%	
<b>Protected Class</b>	<b>46%</b>	

\*hires do not include police

- In order to promote racial diversity in the film industry in the state of Illinois, the Illinois Film Office continues to encourage educational opportunities for minorities to be trained for working in film and television. Illinois is the only state with a film production tax credit program with such a requirement. The Illinois Film Office provides support to a wide range of not for profit programs such as Free Spirit Media, Independent Film Project- Chicago, Midwest Independent Film Festival Summer student program, all of whom provide training programs for minority, women and underserved communities. In addition, DCEO has previously provided grant funding to IATSE Studio Mechanics Union (Local 476.) specifically for this purpose. The FILM office has worked with and met with our stakeholders to enhance awareness amongst labor trade unions, legislators, community leaders, and companies across the film industry to educate and inform about ways to succeed with a diverse workforce. Overall crew and production office staff racial diversity was at 28% in FY 2022 up from 14% when the program was established.
