

Sample Captions for Eliminating the Digital Divide Fund Social Media Posts

Want to help support digital skill building, laptop distribution, computer labs and tech centers, and more digital inclusion efforts in your community? The Eliminating the Digital Divide Fund (EDDF) can help to fund those programs. Visit <https://bit.ly/ILEDDE> to learn more about how to support the fund, and how the fund can support you!

The Eliminating the Digital Divide Fund (EDDF) is a donation-based fund to sustain digital equity work in Illinois. Originating from the Eliminate the Digital Divide Law, passed in 2001, and updated in 2025, the EDDF can be used to support digital equity programming such as digital skills classes, providing free or low-cost devices, helping individuals enroll in low-cost internet plans, and more across the state of Illinois. Learn more at <https://bit.ly/ILEDDE>

Digital equity is more than just getting broadband access. All Illinoisans should have broadband capable devices and the confidence and competence to use digital tools, as well as the skills to stay safe online. The Eliminating the Digital Divide Fund (EDDF) can help support programming and resources in your community! Learn more at <https://bit.ly/ILEDDE>
