# 2024 CDBG Grantee & Administrator's Workshop

# Post-Grant Agreement Housing Rehabilitation

Kara Cozadd

## After Executed Grant Agreement

Potential applicant and contractor solicitation

An invitation to apply must be distributed. A notice in the local paper and letters to households in the project area must state the place and times staff will be available to assist with the application process.

Administrative staff should have a local presence and provide adequate time for all households in the project area to apply for assistance.

The contractor ad should specify pre-qualified requirements and contact information to obtain contract application

Eligibility Requirements for Housing Rehab Recipients

- Single-Family, Owner-Occupied-proof of ownership, homeowner insurance. Must be reverified prior to rehab construction.
- Income Eligible-verification of all persons in the household the age of 18 and older. Must be re-verified prior to rehab construction.
  - Use form (update income chart annually)
  - https://www.hudexchange.info/incomecalculator

### **Prioritization of Housing Applicants**

- Once all households in the project area have had the opportunity to apply, prioritization must be given to:
  - Very Low income
  - Elderly and Handicapped Households
  - 51% of points must be given to the above criteria
- As soon as an applicant is eligible to participate in the program, take photos of home and send information to DNR/IHPA for clearance and start of Tier 2 process.

# Environmental Review-Housing Rehabilitation Specific

- An Early Start is Important!
- Avoids project delays and heads off potential conflicts
- Procedural reasons:
  - Grantee may not commit HUD Rehab funds on an activity prior to RROF approval and Grantee may not commit non-HUD Rehab funds prior to RROF approval if the activity or project would have an adverse enviro. impact or limit choice
  - ERR must be submitted to DCEO ERO within 90 days of date of NOSAF, like any other Special Grant Condition specified in NOSAF
  - Remember DNR/HP Tier One blanket clearance letter will only be found on their website! You must print and attach it to your Tier One packet that you send to Kara! She no longer receives a copy from DNR/HP!!

# **State Historic Preservation Office Delays**

- When SHPO/IDNR is taking over 30 days to process Section 106 clearance requests for our projects, we consulted several years ago with HUD, our General Counsel and the IDNR Agency Director and instituted our new policy:
- ❖ If it has been 45 days since you have sent proper Section 106 information to the SHPO for their initial review and have not received a response, please notify Kirk, Kara or Dave.
- ❖Once DCEO is notified, we will provide a waiver from SHPO clearance.
- ❖ This DCEO waiver letter will be utilized in the ERR in place of the SHPO's Section 106 clearance letter.
- ❖If the SHPO re-enters the review after DCEO's waiver letter, the community has no obligation to comply.
- This policy does not eliminate the need for HUD Tribal consultation

# State Historic Preservation Office (SHPO)

State Historic Preservation Office (SHPO)/IDNR

1 Old State Capitol Plaza, Springfield, IL 62702-1271

217-782-4836

https://www2.Illinois.gov/dnrhistoric/pages/default.aspx

- Costs of Performing the Review [§58.23]
  - If Activity Delivery (AD) is budgeted, Grantee may reimburse ERR prep costs from AD
  - If a formal mitigation cost is incurred during ERR prep (e.g., Radon Mitigation, an IDNR Incidental Take Authorization for Illinois Chorus Frog or Franklin's Ground Squirrel, or a Phase I ASTM for ED project), Grantee may reimburse from Construction or Housing Rehab funds (as applicable)

#### Who Does What

- Must use an experienced Environmental specialist (Guidebook, Section II)
- Specialist may prepare supporting documentation
- RE's must independently evaluate their work and prepare the environmental review itself (i.e., CEO signature on HUD/DCEO ERR forms)
- Correspondence to interested tribes and public Notices must be sent under the RE's signature and on its letterhead
- Specialist should never address Tribes directly (i.e., Grantee letterhead/CEO signature)
- Specialist should not sign or address public Notices

- Tiered Review [§58.15] CDBG HR
- Begin CDBG HR review when NOSAF issued
- Project area identified, but specific addresses unknown
- TWO STEP PROCESS
  - Tier 1: CEST project area-wide review
  - Tier 2: CEST home-specific review
- Best suited for CEST projects such as scattered site single family
- HR Tiered CEST projects CANNOT convert to exempt!
  - There will always be NOI/RROF publication/posting for Tier 1

#### Tiered Review

#### Tier 1

- Area-wide (addresses unknown)
  - A reasonable geographic area (i.e., the application's project area)
- Answers as many factors in the environmental review as feasible (for CDBG HR, 12 of 16 bodies of Federal environmental law)

#### Tier 2

- Site-specific (now know home address)
- This is separate ERR. Each home must have its own Tier 2 review complementing the Tier 1 review
- Will cite the Tier 1 for all previously answered factors (12 of 16)
- Will answer factors unanswered in Tier 1 requiring specific address (4 of 16)

#### Tier 1 12 Bodies of Law

Airport Hazards; Coastal Barriers, Flood Insurance; Clean Air; Coastal Zone; Endangered Species; Explosive & Flammable Hazards; Farmland Protection; Floodplain Management; Sole Source Aquifers; Wetlands Protection; & Wild and Scenic Rivers

#### Tier 2 4 Bodies of Law

- Contamination & Toxic Substances
- Historic Preservation
- Noise Abatement & Control
- Environmental Justice

- HR Tiered Review: Do I Submit a RROF?
- No! You cannot convert ANY tiered reviews to Exempt at the target area Tier 1 level!
- This means you must:
  - Publish/post NOI/RROF as appropriate, stating it is a tiered review and identifying what aspects of the review will be evaluated at each level (12 Tier 1 vs. 4 Tier 2)
  - Submit Tier 1 CEST ERR with RROF to DCEO HR ERO for review
  - Receive DCEO Tier 1 environmental release letter that will be contingent on complete
     <u>Tier 2 reviews for each home being completed/DCEO-approved prior to award of
     a home's housing rehab contract.</u>

- HR Tiered Review: When Do I Draw Funds?
- For Activity Delivery and/or Rehabilitation Administration, you may draw <u>AFTER</u> DCEO approval of the target area Tier 1 CEST review and Grant Agreement is executed, and a contract for both is reviewed and approved by DCEO grant manager.
- For an individual home's Housing Rehabilitation, you may draw <u>AFTER</u> DCEO approval of that home's individual Tier 2 CEST review, without having to publish/post, submit a new RROF, or receive a new environmental release letter (only email approval from DCEO HR ERO)

# Implementing Actions [§58.77c]

#### For All IL CDBG Grants:

- Grantee must assure environmental review decisions are carried out during project development and implementation
- Establish binding commitments <u>and</u> enforce them
  - i.e. Construction and rehab contracts must contain required Mitigation language-Radon
  - Educate contractors/workers on formal Mitigation conditions (e.g.,Radon or Copper Belly Water Snake habitat/migration routes)
- Track/monitor implementation and update ERR accordingly

### **Environmental Record Reviews**

**Community Development Block Grants** 

Environmental Record Review - Updated HUD Topics - SHPO Guidance - Timing Requirements - HR ERR Overview

### DCEO OCD Environmental Materials Website

- https://dceo.illinois.gov/communitydevelopment/environm entalmaterials.html
- Your primary source for DCEO CDBG Environmental Record Review (ERR) guidance; forms; samples
- Is updated when HUD or DCEO changes ERR forms

### **Endangered Species Act + Critical Habitat**

- On 7/11/24, HUD OEE Region 5 in Chicago provided refresher training to its Grantees' EROs on ERR docs for ESA + Critical Habitat under Federal Endangered Species Act (ESA) of 1973 and HUD related laws and authorities
- Remember that all State CDBG (non-HR) CEST-ER & EA-ER level ERR's require Species compliance under <u>both</u> IDNR EcoCAT Part 1075 <u>and</u> United States Fish and Wildlife Service (USF&WS), i.e., "the Services" documentation requirements
- 7/29/2024 guidance posted to DCEO Environment Materials webpage under "HUD ERR Guidance Summary CDBG PI & ED

**ERRs July 2024**"

 Presidential Executive Order (EO) 14030 of 2021 resurrected EO 13690 of 2015 and added additional requirements

 Required HUD to implement its own agency-specific FFRMS implementation rule

Training materials available at:

- FFRMS Final Rule Webinar Series on https://www.hudexchange.info
- ❖Incl. presentations, slides, transcript
- ❖ May have to register with HUDexchange to access
- Both HUD slide shows also available on DCEO OCD Environmental Materials Webpage

- FFRMS is a national minimum flood risk standard to encourage Federal agencies to consider and manage current and future flood risks to build a more resilient nation.
- HUD's final rule published 04/23/2024. Compliance date 06/24/2024
- Modifies HUD FP regs to better address flood risk.

- Redefines the flood plain of concern
- Increases required elevation for new construction and substantially improved structures
- Clarifies flood insurance requirements and strengthens public Notice requirements
- New construction in the FFRMS Flood Plain must be elevated or floodproofed to the higher FFRMS floodplain elevation
- Provides definitions of substantial improvement

- Defines Critical Actions
- For DCEO CDBG PI & ED, that includes Water towers or tanks; WWTP; WTP; lift stations or water or storm water pump stations; facilities with highly volatile materials; data centers; and others TBD
- **❖** No current anticipated impact on DCEO CDBG HR
- Critical Actions in FFRMS FP have higher regulatory requirements

### The FFRMS Floodplain

- The regulated floodplain area that results from the higher vertical elevation and the corresponding horizontal expansion depending on the activities involved and the evaluation approach used
- EO 13690 establishes approaches for determining FFRMS flood elevation
- HUD established a preference for Climate-Informed Science Approach (CISA) where data is available and actionable
- FFRMS standards go above and beyond National Flood Insurance Program (NFIP) minimum standards

### The FFRMS Floodplain

- No longer regulates to 100-year Floodplain
- 8-step FP process required if project location(s) in the FFRMS FP
- Expands the Part 55 FP area both vertically and horizontally
- Utilizes tiered approach to determine FFRMS Floodplain:
- \*CISA;
- **❖0.2%** Annual Chance (i.e., 500-year FP) Approach;
- Freeboard Value Approach
- Increases required elevation for new construction & substantially improved structures

### The FFRMS Floodplain

- Much more detailed information on the three types of approach already available in the HUD FFRMS slideshows on DCEO OCD Environmental Materials webpage & the HUDExhange
- HUD slideshow #2 also covers FFRMS Wetlands impacts
- HUD OEE in process of rolling out revised 8-step forms and guides. Please check HUDExhange. Eventually on DCEO webpage.

#### **HUD 2024 Radon Rule**

HUD "Radon Rule" published January 11, 2024

Effective NATIONWIDE for CDBG April 11, 2024

All CEST-ER or EA-ER level CDBG ED/HR/PI or CDBG-CV ERR's with DCEO certification date on or after
 4/11/2024 must document under "Contamination and "Toxic Substances" on CEST-ER or EA-ER.

#### **HUD Radon Rule**

- HUD OEE Radon Notice CPD-23-103; Radon Policy
  Webinar 2/27/2024 slideshow; and Radon Fact Sheet
  posted to DCEO OCD "Environmental Materials" website
  https://dceo.illinois.gov/communitydevelopment/enviro
  nmentalmaterials.html under "ERR Documents"
- The 2/27/2024 HUD Radon Policy Webinar slideshow is your main source for HUD Radon Rule compliance
- No need for DCEO to reinvent the wheel

#### **HUD Radon Rule**

Doesn't require testing, but <u>does require mitigation</u>

For once, much less impact on most CDBG PI

 Much more impact on CDBG ED & HR (at Tier 2) & CDBG-CV Shelter Construction and Healthy Homes

#### **HUD Radon Rule - Public Infrastructure**

- In general, under "Contamination and Toxic Substances" on the CEST-ER or EA-ER, after citation of project location's US EPA Envirofacts search results and the impact (or lack) of any nearby listed polluters or reporters, generally state some variation of: "No anticipated impact under the HUD Radon Rule, as this project does not involve a structure intended for, or occupied by, humans four or more hours daily."
- If project involves a larger WTP or WWTP with staff present 4 or more hours daily on a regular basis (e.g., lab technicians or operators), then document radon mitigation compliance by following the rest of the HUD Radon Rule as covered for CDBG ED

"New Structure" below.

### **HUD Radon Rule – Economic Development**

- If activity cleared can be cleared under CENST-ER, then Not Applicable
- If CEST-ER or EA-ER clearance, must document compliance under "Contamination and "Toxic Substances"
- After citation of project location's US EPA Envirofacts search results and the impact (or lack) of any nearby listed polluters or reporters, possibly incl. the project site, must do the following:

### **HUD Radon Rule – Economic Development**

For <u>New structure</u> constructed as part of overall CDBG ED-assisted project:

Either document County has a CDC-calculated radon level less than

4 pCi/L, <u>or</u>

❖ State that testing results and any required radon mitigation for newly constructed structure will be submitted to DCEO ERO when ready. Env. Release Itr. will have Formal Mitigation for submission to CDBG ERO before ED PM can release ED funding on GRS

### **HUD Radon Rule – Economic Development**

For **Existing structure** involved as part of overall CDBG ED-assisted project:

#### To be rehabbed or not:

- Either document County has a CDC-calculated radon level less than 4 pCi/L, or
- Provide HUD OEE-specified test results showing structure has a radon level less than 4 pCi/L, or
- ❖ If test results higher than 4 pCi/L, provide proof of installed radon mitigation equipment followed by HUD OEE-specified test results now showing level less than 4 pCi/L

#### **HUD Radon Rule - HR & CDBG-CV HH**

 Radon Rule compliance is documented under "Contamination and "Toxic Substances" on Tier 2 CEST-ER's for individual homes to be rehabbed

 After citation of project location's US EPA Envirofacts search results and the impact (or lack) of any nearby listed polluters or reporters on the intended home:

#### **HUD Radon Rule - HR & CDBG-CV HH**

- **❖** Either document County has a CDC-calculated radon level less than 4 pCi/L, <u>or</u>
- Provide HUD OEE-specified test results showing home has a radon level less than 4 pCi/L, or
- If test results higher than 4 pCi/L, provide proof of installed radon mitigation equipment followed by HUD OEE-specified test results now showing home's level less than 4 pCi/L, or
- ❖Include home's HR cost estimate showing that radon mitigation equipment will be installed with CDBG, and then provide proof after home's rehabilitation is complete

## **State Historic Preservation Office (SHPO)**

# State Historic Preservation Office (SHPO)/IDNR 217-782-4836

dnrhistoric.lllinois.gov/preserve/resource-protection.html

## **State Historic Preservation Office (SHPO)**

 SHPO/IDNR now only accepts <u>e-submissions</u> of review requests under Section 106 of the National Historic Preservation Act of 1966, required for State CDBG funded by DCEO OCD

 Based on PY'23/24 CDBG PI ERRs started to date, SHPO appears to be reinstituting existing water tower digital recordation requirements

## **State Historic Preservation Office (SHPO)**

- SHPO and many THPO's now require Phase 1
   Archeological and/or Cultural Resources Surveys for rural water extensions/replacements and land application of sewer sludge
- Stated to document existing land, structure or feature before it is changed by CDBG
- Promptly e-mail CEO.ERO@illinois.gov if SHPO/THPO requests digital recordation and/or Phase 1 survey, or kara.cozadd@illinois.gov for CDBG HR

## **State Historic Preservation Office Delays**

- When SHPO/IDNR is taking over 30 days to process Section 106 clearance requests for our projects, we consulted several years ago with HUD, our General Counsel and the IDNR Agency Director and instituted our new policy:
- ❖If it has been 45 days since you have sent proper Section 106 information to the SHPO for their initial review and have not received a response, please notify Kirk, Kara or Dave.
- Once DCEO is notified, we will provide a waiver from SHPO clearance letter.

## **State Historic Preservation Office Delays**

❖This DCEO waiver letter will be utilized in the ERR in place of the SHPO's Section 106 clearance letter.

❖If the SHPO re-enters the review after DCEO's waiver letter, the community has no obligation to comply.

Policy does not eliminate need for HUD TDAT Tribal consultation.

#### **58.22 Limitation of Action**

Prior to environmental approval/clearance, the RE may <u>not</u>:

- Commit HUD funds
- Begin bid process, or
- Commit non-HUD funds where the activity would
  - Have an adverse environmental impact or
  - Limit the choice of reasonable alternatives

Do <u>not</u> take action before environmental clearance!!

EXEMPT

• CATEGORICALLY EXCLUDED NOT SUBJECT TO §58.5 (CENST)

• CATEGORICALLY EXCLUDED SUBJECT TO §58.5 (CEST)

• ENVIRONMENTAL ASSESSMENT (EA)

• ENVIRONMENTAL IMPACT STATEMENT (Rare for IL CDBG)

#### **Typical ERR Preparation and Approval Timelines**

EA – 45 to 100 days to complete depending on consultations required

CEST – 30 to 75 days depending on consultations required

CENST - less than an hour

Exempt & CoC - less than an hour

#### CDBG PI & ED-PI Highlights to Avoid ERR Cancellation

 Always allow at least one full calendar day between ERR prep activities (i.e., between FP &/or WL 8-Step publications; between last of 15 bodies of law & EJScreen; between EJScreen & CEST or EA signature; between CEST or EA signature & FONSI/NOI/RROF or NOI/RROF publication; between end of publication comment period & **HUD 7015.15 RROF signature** 

#### CDBG PI & ED-PI Highlights to Avoid ERR Cancellation

The "On or about" date at the start of an NOI/RROF or FONSI/NOI/RROF publication must be dated <u>at</u>
 least one day later than the "comments received by" date stated in the publication.

 Don't count either publication date or "comments received by" date for days of local public comment period.

#### CDBG PI & ED-PI Highlights to Avoid ERR Cancellation

 8-Step Flood Plain and/or Wetlands "Early" and "Final" public comment periods must have at least one full day between end of "Early" comment period and publication date of "Final" FP/WL Notice.

• If 8-step is last supporting docs, wait one full day after "Final" comment period to research US EPA EJScreen for Environmental Justice.

## **Example: 15-day Comment Period**

|    |    |    |            |    | _                |    |
|----|----|----|------------|----|------------------|----|
| S  | М  | Т  | W          | Т  | F                | S  |
|    |    |    | 1 -<br>Pub | 2  | 3                | 4  |
| 5  | 6  | 7  | 8          | 9  | 10               | 11 |
| 12 | 13 | 14 | 15         | 16 | 17 -<br>RRO<br>F | 18 |
| 19 | 20 | 21 | 22         | 23 | 24               | 25 |
| 26 | 27 | 28 | 29         | 30 | 31               |    |

# **Environmental Review-Housing Rehabilitation Specific**

- An Early Start is Important! Kara Cozadd submits packet to DNR/HP for Tier One SHPO clearance letter!
- Avoids project delays and heads off potential conflicts
- Procedural reasons:
  - Grantee may not commit HUD funds on an activity prior to RROF approval and Grantee may not commit non-HUD funds prior to RROF approval if the activity or project would have an adverse enviro. impact or limit choice
  - ERR must be submitted to DCEO ERO within 90 days of date of NOSAF, like any other Special Grant Condition specified in NOSAF
  - Remember DNR/HP Tier One blanket clearance letter will only be found on their website! You must print and attach it to your Tier One packet that you send to Kara! She no longer receives a copy from DNR/HP!!

- Costs of Performing the Review [§58.23]
  - If Activity Delivery (AD) is budgeted, Grantee may reimburse ERR prep costs from AD
  - If a formal mitigation cost is incurred during ERR prep (e.g., an IDNR Incidental Take Authorization for Illinois Chorus Frog or Franklin's Ground Squirrel, or a Phase I ASTM for ED project), Grantee may reimburse from Construction or Housing Rehab funds (as applicable)

#### Who Does What

- Must use an experienced Environmental specialist (Guidebook, Section II)
- Specialist may prepare supporting documentation
- RE's must independently evaluate their work and prepare the environmental review itself (i.e., CEO signature on HUD/DCEO ERR forms)
- Correspondence to interested tribes and public Notices must be sent under the RE's signature and on its letterhead
- Specialist should never address Tribes directly (i.e., Grantee letterhead/CEO signature)
- Specialist should not sign or address public Notices

- Tiered Review [§58.15] CDBG HR
- Begin CDBG HR review when NOSAF issued
- Project area identified, but specific addresses unknown
- TWO STEP PROCESS
  - Tier 1: CEST project area-wide review
  - Tier 2: CEST home-specific review
- Best suited for CEST projects such as scattered site single family
- HR Tiered CEST projects CANNOT convert to exempt!
  - There will always be NOI/RROF publication/posting for Tier 1

#### Tiered Review

#### Tier 1

- Area-wide (addresses unknown)
  - A reasonable geographic area (i.e., the application's project area)
- Answers as many factors in the environmental review as feasible (for CDBG HR, 12 of 16 bodies of Federal environmental law)

#### Tier 2

- Site-specific (now know home address)
- This is separate ERR. Each home must have its own Tier 2 review complementing the Tier 1 review
- Will cite the Tier 1 for all previously answered factors (12 of 16)
- Will answer factors unanswered in Tier 1 requiring specific address (4 of 16)

#### Tier 1 12 Bodies of Law

Airport Hazards; Coastal Barriers, Flood Insurance; Clean Air; Coastal Zone; Endangered Species; Explosive & Flammable Hazards; Farmland Protection; Floodplain Management; Sole Source Aquifers; Wetlands Protection; & Wild and Scenic Rivers

#### Tier 2 4 Bodies of Law

- Contamination & Toxic Substances
- Historic Preservation
- Noise Abatement & Control
- Environmental Justice

- HR Tiered Review: Do I Submit a RROF?
- No! You cannot convert ANY tiered reviews to Exempt at the target area Tier 1 level!
- This means you must:
  - ❖ Publish/post NOI/RROF as appropriate, stating it is a tiered review and identifying what aspects of the review will be evaluated at each level (12 Tier 1 vs. 4 Tier 2)
  - **❖Submit Tier 1 CEST ERR with RROF to DCEO HR ERO for review**
  - ❖ Receive DCEO Tier 1 environmental release letter that will be contingent on complete Tier 2 reviews for each home being completed/DCEO-approved prior to award of a home's housing rehab contract.

#### **Housing Rehabilitation Draws**

#### **HR Tiered Review: When Do I Draw Funds?**

- For Activity Delivery and/or Rehabilitation Administration, you may draw **AFTER** DCEO approval of the target area Tier 1 CEST review and Grant Agreement is executed!
- For an individual home's Housing Rehabilitation, you may draw <u>AFTER</u> DCEO approval of that home's individual Tier 2 CEST review, without having to publish/post, submit a new RROF, or receive a new environmental release letter (only email approval from DCEO HR ERO)

## **CDBG Environmental Review Officers (EROs)**

For PI, ED-PI & ED:

**Kirk Kumerow** 

217-558-4106

CEO.ERO@illinois.gov

Lisa Thomas-Swaine will perform some PI ERR reviews

For HR:

**Kara Cozadd** 

217-558-2833

Kara.Cozadd@illinois.gov

#### 2 CFR 200 Procurement Standards

**Community Development Block Grants** 

**Covers Current CDBG-Eligible Activities (as of October 2024)** 

#### 2 Code of Federal Regulations (CFR) 200

- Subtitle A, "Office of Management and Budget Guidance for Grants and Agreements" became effective as uniform Federal guidance on 12/26/2014;
- Originally Called OMB "Super Circular" in 2011;

 Launched by Obama administration to streamline guidance for federal awards to ease the administrative burden and costs across Federal agencies' funding programs.

#### 2 CFR 200.317-.326 Procurement Standards

| §200.317 | Procurements by states                       |
|----------|--|
| §200.318 | General procurement standards                |
| §200.319 | Competition                                  |
| §200.320 | Methods of procurement to be followed        |
| §200.321 | Contracting with MBE, et. al.                |
| §200.322 | Procurement of recovered materials           |
| §200.323 | Contract cost and price                      |
| §200.324 | Federal agency or pass-through entity review |
| §200.325 | Bonding requirements                         |
| §200.326 | Contract provisions                          |

#### 2 CFR 200.318 General Procurement Standards

- a) Use local procedures if conform with federal law
- b) Maintain contractor oversight
- c) Maintain written standards of conduct for all employees
- d) Use most economical approach
- e) Use intergovernmental or inter-entity agreements
- f) Use federal excess/surplus property
- g) Use value engineering
- h) Use responsible contractors
- i) Maintain procurement records
- j) Use T&M contracts only if necessary
- k) Local grantee responsible for all aspects of contract

#### 2 CFR 200.319 Competition

- a) Full, open and competitive procurement process
  - 1) No unreasonable requirements
  - 2) No unnecessary experience or bonding requirement
  - 3) No noncompetitive pricing among firms
  - 4) No noncompetitive retainer contracts
  - 5) No conflicts of interest
  - 6) No "brand name" requirement
  - 7) No arbitrary actions
- b) No geographic preference
- c) Must have written procedures
  - 1) Include technical description of work or product
  - 2) Include criteria for proposal evaluation
- d) If pre-qualified lists are used, they must be current

#### 2 CFR 200.320 Methods of Competition - CDBG

- a) Procurement by micro-purchases Rare for State CDBG
- b) Procurement by small purchase procedures CDBG AD/HR Admin/Rehab Inspection/ED A/E
- c) Procurement by sealed bids (formal advertising) All CDBG Construction
- d) Procurement by competitive proposals Only for ED A/E
- e) (intentionally left blank)
- f) Procurement by noncompetitive proposals Generally not for State CDBG

#### Micro-Purchases & Small Purchase Procedures

- Procurement by micro-purchase (\$10,000 or less per DCEO Accountability since 2022; \$2,000 or less for Construction)
- Procurement by small purchase procedures (Less than \$250,000 anticipated cost)
- i. May be used for activity delivery, rehabilitation administration or inspection, or ED A/E services
- ii. Phone, mail or e-mail solicitation acceptable (document efforts)
- iii. Solicit at least three potential qualified bidders
- iv. Make bid packet available for pick up, mailing or e-mailing
- v. No less than two bidders (if one bidder; document reason)
- vi. A/E services may include price as a factor, but not the sole factor

#### **Small Purchase Procedures (Cont.)**

- 2 CFR 200 encourages use of shared resources:
- > State CDBG Activity Delivery/HR Administration/Rehab Inspection may be obtained from an Intergovernmental Agreement Agency or Inter-Entity Agreement Agency without SPP bidding process.

#### **Procurement by Sealed Bids (Formal Advertising)**

Procurement of CDBG or "other-funded" construction above \$2000 listed in a CDBG Grant Agreement must be by sealed bids (formal advertising)

#### **Procurement by Sealed Bids (Formal Advertising)**

- c) Procurement by sealed bids (formal advertising)
  - 1) Proposals must have:
    - i. Detailed description
    - ii. Two or more responsible bidders
    - iii. Require a firm, fixed price offer

#### **Procurement by Sealed Bids (Formal Advertising)**

- 2) Bidding requirements:
  - i. Publicly advertised with sufficient notice
  - ii. Sufficient specifications
  - iii. Public bid opening
  - iv. Contract to lowest responsible qualified bidder
  - v. Reject bids only for sound reason

#### 2 CFR §200.321 Contracting with MBE, et. al.

- a) Must take steps to assure that MBE & WBE are used
- b) Affirmative steps must include:
  - 1) Placing qualified MBE and WBE on solicitation lists
  - 2) Assuring MBE and WBE are solicited
  - 3) Divide task to permit maximum participation
  - 4) Establish schedule to permit maximum participation
  - 5) Use SBA and MBDA of US Dept. of Commerce
  - 6) Require prime contractor to use items 1 through 5

#### 2 CFR §200.324 Contract Cost and Price

- a) Price analysis for contract and modifications
- b) Profit calculation for contracts with no price competition
- c) Estimated cost contract Subpart E-Cost Principles
- d) Cost-plus contracts are not allowed

#### 2 CFR §200.325 HUD or DCEO Review

- a) Must make specifications available to DCEO
- b) Must make RFP, invitation to bid, et. al. available when:
  - 1) Vary from 2 CFR 200 standards
  - 2) Only one bid/response
  - 3) "Brand name" product
  - 4) Award to non-low bidder
  - 5) Contract is above Simplified Acquisition Threshold (for non-construction contracts)
- c) Exemption from pre-procurement review

#### 2 CFR §200.326 Bonding Requirements

## Applies to construction or facility improvement contracts

- Bid bond of 5% of bid
- > Performance bond of 100% of the contract price
- > Payment bond of 100% of the contract price

Contact your grant's assigned CDBG Grant Manager.

They'll ask Program Manager, if needed. Trust me. They will ask.

## FEDERAL LABOR STANDARDS

OverviewCietta Gower

Any construction contract over \$2,000, funded in whole or in part with CDBG funds, is subject to Federal Labor Standards

#### Assign someone the responsibility for assuring compliance

#### What are the Federal Labor Standards?

- Copeland (Anti-Kickback) Act
- Contract Work Hours & Safety Standards Act (CWHSSA)
- Davis-Bacon Related Act (DBRA)

#### Copeland (Anti-Kickback) Act (40 USC 276c)

- Prohibits contractors and subcontractors from inducing an employee to give up any part of earned wages, except for authorized payroll deductions.
- Requires weekly certified payrolls.

#### Contract Work Hours & Safety Standards Act (CWHSSA) (40 USC 327-330)

- Laborers and mechanics must be paid not less than one and one-half times the basic rate of pay for all hours worked over 40 hours in one work week.
  - Contractor liable for unpaid wages and liquidated damages.
  - Contractors or subcontractors who intentionally violate may be subject to fines, imprisonment.
- Prohibits unsanitary, hazardous, or dangerous working conditions on federal and federally financed and assisted projects.

#### Davis Bacon Act (DBA) (29 CFR 1, 3, 5)

- Requires contractors and subcontractors pay laborers and mechanics, working directly on the site of work, at least the locally prevailing wages (including fringe benefits) listed in the applicable Davis Bacon wage determination in the contract for the work performed.
- Requires DOL to determine the applicable locally prevailing wage rates.
- Requires the incorporation of Davis Bacon contract clauses and applicable wage determinations into the prime contract.
- Requires the prime contractor ensure the contract clauses and applicable wage determinations are flowed down into all subcontracts.
- Requires the prime contractor cover any unpaid wages or other liability for any subcontractor violation.

#### **Davis Bacon Act (DBA) (29 CFR 1, 3, 5)**

- Requires contractors, and subcontractors, pay covered workers prevailing wages and fringe benefits weekly, submit weekly certified payroll records and post applicable Davis Bacon posters at the job site.
- Only apprentices and trainees registered with the US Department of Labor may be paid less than the federal prevailing wage
- Foremen/Supervisors are covered by Davis-Bacon when 20 percent or more of their time is spent performing mechanic or laborer duties.
- Applies to self-employed owner (person who owns the business and is working alone at the job site) when working as laborer or mechanic and must be reported on the higher-tier contractor's payroll.
- Exclusions: Project Superintendents, administrative staff, executives, clerical.
- Exemptions: Volunteers and Force Account Workers

#### **Forced Account Labor**

- Can be used on construction projects.
  - Only employees of units of local government.
  - Not employees of a water/sewer district.
- Additional help can be hired for the project.
  - Must be paid federal prevailing wage rates.
- Detailed payroll/activity reports for the employees working on the project.
- Submit payrolls with the quarterly reports/cash requests to support the expenses.
- Previous payrolls must be submitted to verify no changes have been made in the rate of pay for the subject workers.
- Document equipment used, including when, where, and by whom (employees) during the construction project.
- Construction management and employee supervision required.

#### **Labor Standards and Procurement**

All CDBG construction projects must go through a formal bidding process.

- All projects subject to Davis Bacon must be competitively bid. Even if a construction contract is \$250,000 or less and is part of a federally-funded project subject to Davis Bacon, the small purchase procedures <u>may not</u> be used.
  - Bid packets must include:
    - Federal Prevailing Wage Rates
    - Federal Labor Standards Provision (HUD 4010)

#### **Prevailing Wage Rates**

- Three weeks before the bid advertisement date, submit the initial (SF 308)
   <u>Wage Rate Determination Request form to your Grant Manager, include a copy of the Table of Contents for the Bid Packet listing the page numbers of the DCEO required documents.</u>
- Also include the draft Invitation for bid, along with where it will be published.
  The draft Invitation must include a specific project description that matches
  Exhibit B of the Executed Grant Agreement and the Environmental Release
  letter.
- Grant Manager will issue a Courtesy Copy of the Wage Rate Determination that must be included in the bid packet.
- If the Bid Opening date is extended submit a copy of the Addendum to the Grant Manager.

#### **Prevailing Wage Rates**

- Bid Opening Date the Grant Manager will issue to you a Lock In Wage Rate Determination which will be the Lock-In Wage Rate Determination provided that the contract/agreement is award (executed) within 90 days after bid opening.
- If 90 days passes between Bid Opening and Contract/Agreement Award
   (execution), an updated wage determination must be obtained by submitting the
   SF 308 Wage Rate Determination Request form to your Grant Manager, include
   a copy of the executed contract.
- If 90 days passes between **executed Contract/Agreement** and the **start of construction**, an updated wage determination must be obtained by submitting the SF 308 to your Grant Manager on the day construction begins.
- Updated Wage Rate Determinations must be made part of the Executed Contract/Agreement.

#### **Prevailing Wage Rates**

- The Wage Rate Determination "lock-in" is the date the prevailing wage rates are effective for the project. Prevailing Wage Rate Determinations must only be obtained through DCEO.
- Bid Openings must be scheduled a minimum of 30 days after the availability of the bid packet.
- No WD will be issued on Fridays.
- No Bid Openings scheduled for Fridays or legal federal holidays.

#### **Prevailing Wage Rates**

If the original Scope or Contract Term is amended/extended, a new Wage Rate Determination MUST be requested, and the Contract/Agreement amended to include the new rates.

- When contract or order is changed to include additional, substantial construction.
- When the contract or order is changed to add additional time not originally obligated, including when an option is exercised on a contract or order.

#### <u>Prevailing Wage Rates – some reminders</u>

- Initial WD must be included in bid packet, plus the HUD 4010, available to bidders.
- Lock-In WD (issued for Bid Opening) and the HUD 4010 must be included in the Contract/Agreement documents.
- Lock-In WD must be posted at the work site, in <u>plain view</u> and be <u>easily accessible</u>.
- WD must be updated if the contract/agreement is not awarded (executed) within 90 days of the bid opening and the updated WD is made part of the contract.
- WD must be updated if construction does not start within 90 days of contract/agreement award (execution), and the contract <u>must be amended</u> to include new wages.
- Conformance Process must be used for missing classifications.
- Letter from US DOL with approved/prescribed rate for the missing classification must be posted with the WD.

## FEDERAL LABOR STANDARDS

Conformance Process

When there is no appropriate labor classification listed on the applicable general wage determination the WHD (Wage and Hour Division) may add or "conform" a new class of laborers or mechanics and a wage rate to a published wage determination for a specific contract.

Compare the labor classifications on the wage determination with the anticipated work to be performed for your project. The contractor should seek a conformance when classifications intended to be employed are not listed on the wage determination.

#### Additional Classifications [29 CFR 5.5(a)(1)(ii)(A)(3)]

Conformance requests are not needed for bona fide: Apprentices, Trainees; or Welders (unless 100% welding)

#### Additional Classifications [29 CFR 5.5(a)(1)(ii)(A)(3)]

- An Additional Classification may be requested only when:
  - The work to be performed by the classification is not performed by a classification in the wage determination; and
  - The classification is utilized in the area by the construction industry; and
  - The proposed wage rate, including fringe, \*bears a reasonable relationship to the wage rates contained in the wage determination.

#### Request a Conformance

- After it has been determined that there is no appropriate labor classification on the applicable General Wage Determination
- After the Contract/Agreement has been executed
  - The Contractor (and if applicable, the subcontractor) will complete and sign the US DOL Standard Form 1444 (SF1444).
  - If necessary, attach a brief job description for classifications **not included** in <u>DOL's Service Contract Act Directory of Occupations</u>. The description must include the federal wage grade equivalent.
  - The Grant Administrator will submit the SF-1444 to the Grant Manager with any supporting documentation.

\* \* If the Contractor needs to request an additional classification for a Plumber, the contractor must propose a wage that is comparable to those listed in the WRD for other "Skilled Workers" – the Contractor cannot compare rates to Laborers, Truck Drivers, or Engineers, and cannot request a wage lower than that of the lowest paid Skilled Worker.

This same process is used when a Classification within the WD does not include the County in which the project is located. DOL will look at the wages of other skilled trades only in the county relative to the project location.

### FEDERAL LABOR STANDARDS

Weekly Payroll

#### The Prime Contractor - Responsible for

- The compliance by any subcontractor or lower tier subcontractor with regard to all DBRA contract clauses.
- Signing (certify) payroll of Owner-operator subcontractor payrolls.
- The payroll being complete and signed.
- Completing and submitting the SF-144 to Grant Administrator for any job classification not listed on the wage determination for the project.
- Submitting payroll on the current DOL WH-347 (https://www.dol.gov/agencies/whd/forms)
- Current Statement of Compliance being signed by authorized agent.
- Paying workers weekly.
- Submitting to the Grant Administrator the certified payrolls, including certified payrolls for all subcontractors on the project.
- Laborers and mechanics being paid at least the federal prevailing wage for the work performed.

#### **The Prime Contractor**

- Contractors and subcontractors maintain DBRA contracts, subcontracts, and related documents, as well as worker telephone numbers and email addresses.
- ❖ The final rule clarifies that the required records must be retained for at least 3 years after all the work on the prime contract is completed.

Prime Contractor is defined as any person or entity that enters into a contract with an agency, including:

- Controlling shareholders or member of an entity holding a prime contract,
- Joint venturers or partners in any joint venture or partnership holding a prime contract,
- Any contractor (e.g., a general contractor) that has been delegated responsibility for overseeing all or substantially all of the construction

#### The Grant Administrator

- Grant Administrators must review the weekly certified payrolls received.
- \* Review: Contractor/subcontractor listed with address.
  - Payrolls are Numbered, Payroll Week Ending Date, Project and Location.
  - Name of Worker with an identifying number.
  - Workers are correctly classified.
  - Workers paid for all hours worked.
  - Workers paid applicable prevailing wages and fringes per wage determination.
  - Deductions acceptable verified.
  - Correct calculations.
  - Statement of Compliance complete, signed by authorized agent.
  - DOL Certification for any Apprentice listed.
  - Correct ratio for Apprentice (Agreement).
  - Report any payroll underpayment to the Grant Manager,

#### **Things to Remember**

- \* Laborers, mechanics, apprentices, working forepersons should be listed on payroll.
- Laborers and mechanics must be paid at least once per week, at least the federal prevailing wage for work performed. The payroll amount (base + fringe) must equal or exceed federal prevailing wage rate.
- ❖ Overtime is paid at the rate not less then time and one-half of the base hourly rate after 40 hours.
- Only apprentices and trainees registered with the US Department of Labor may be paid less than the federal prevailing wage.
- Statement of Compliance must be complete, signed and attached to each payroll.
- Employees working in more than one classification during a work week may be paid the wages specified for each classification if accurate time records are maintained.

Without accurate time records the worker must be paid the highest wage of all classifications of work performed.

| THE WILLFUL FALSIFICATION OF ANY OF THE ABOVE STA | TEMENTS MAY SUBJECT THE CONTRACTOR OR |

SUBCONTRACTOR TO CIVIL OR CRIMINAL PROSECUTION. SEE SECTION 1001 OF TITLE 18 AND SECTION 3729 OF TITLE 31 OF THE UNITED STATES CODE.

- First payroll submit a copy to your Grant Manager include a copy of any apprenticeship(s) documentation with the first quarterly Periodic Financial and Performance Report after construction begins.
- Final payroll submit a copy to your Grant Manager before you close out the Grant Agreement
- Through the construction activities submit to your Grant Manager along with the quarterly Periodic Financial and Performance Report a copy of the most current payroll within the quarter.

#### **Apprentice on the Payroll**

- Must submit a copy of the Department of Labor's Certification of Enrollment in an Apprentice Program.
- Must submit a copy of the Agreement to document the approved Apprentice to Journeymen ratio for the registered program.
  - If the contractor is working within the area the apprentice program is registered, it must follow that ratio.
  - If the contractor is working outside the area in which their apprenticeship program is registered, they must follow the ratio and wage rate standards of the locality where the project is taking place.
  - If there is no registered program where the work is taking place, the contractor must follow the ratio of its registered program.
  - If an apprentice works alone or outside of the approved ratio, he must be paid the journeyman rate.

#### Restitution for Underpayment of Wages

Wage restitution is the difference between the wage rate paid and the wage rate required on the wage determination. The difference in the wage rates is called the adjustment rate.

- Total hours worked times (x) adjustment rate (DB rate rate paid) = wage restitution due; or
- Total wages earned minus (-) total wages paid = wage restitution due.
- Contractor required to pay wage restitution to affected worker.
- Grant Administrator notifies Prime Contractor in writing to make the wage restitution:
  - Describe underpayments.
  - Provides instructions for computing/documenting restitution to be paid;
  - Prime Contractor is allowed 30 days to correct.

#### Restitution for Underpayment of Wages

- Restitution must be reported on a Certified Payroll Report.
- Reflect the period for when the restitution is due (Payrolls #1 through #6, or a beginning and ending date).
- Lists each worker and their classification.
- Lists the total number of hours involved, the adjustment wage rate, the gross amount of restitution, deductions and the net amount actually paid.
- Statement of Compliance must be attached to the Corrected Payroll.
- Verification that the worker(s) was paid the restitution.
- Submit copies to the Grant Manager.

# Weekly Payrolls - Wage Restitution

## Restitution for Underpayment of Wages

Failure to pay worker wage restitution may result in withholding of grant funds against the prime contractor to ensure the payment of wages due.

- Both prime contractors and any responsible upper-tier subcontractors are required to pay back wages on behalf of their lower-tier subcontractors.
- Lower-tier subcontractors' violations may subject prime and uppertier contractors to debarment in appropriate circumstances.

OMB Approval No. 2501-0009 (exp.01/31/2021)

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This agency may not collect this information, and you are not required to complete this form, unless it displays a currently valid OMB control number. The information is collected to ensure compliance with the Federal labor standards by recording interviews with construction workers. The information collected will assist HIUD in the conduct of compliance monitoring; the information will be used to test the versicity of certified payroll reports submitted by the employer. Sensitive Information. The information collected on this form is considered sensitive and is protected by the Privacy Act. The Privacy Act requires that these records be maintained with appropriate administrative, technical, and physical safeguards to ensure their security and confidentiality. In addition, these records should be protected against any anticipated threats or hazards to their security or integrity that could result in substantial harm, embarrassment, inconvenience, or unfairness to any individual on whom the information is maintained. The information collected herein is voluntary, and any information provided shall be kept confidential.

#### **Employee Interviews**

#### **Conduct Employee Interviews**

- HUD 11 form
- Grant Administrator Must be conducted in-person.
- Conduct at least one interview with each classification.
- Compare to payroll remember to sign the form.

## FEDERAL LABOR STANDARDS

Definitions

#### **NEW RULE** – Building or Work

- Building or work includes modern construction activities such as solar panels, wind turbines, broadband installation, and installation of electric car chargers to the non-exclusive list of examples of construction activities.
- Includes a <u>portion</u> of a building or work, or the <u>installation</u> (where appropriate) <u>of equipment or components</u> into a building or work.
  - Remember this for Economic Development Projects

#### **NEW RULE** – Demolition clarified in construction

 The final rule adds a new sub-definition to the term construction, prosecution, completion, or repair in § 5.2, to codify the DOL's guidance that demolition work is covered under DBRA when the demolition itself constitutes construction, alteration, or repair, or when future construction that will be subject to the DBRA is contemplated on a demolition site.

#### Site of the Work

- The physical place or places where the building or work called for in the contract will remain once the contract work has been completed and any other site where a significant portion of the building or work is constructed, provided that such site is established specifically for the performance of the contract or project.
- NEW RULE Also includes any site where a significant portion of a building or work is constructed if the site is dedicated exclusively or nearly so to the performance of a single DBRA-covered project or contract for a specific period of time. The final rule also provides clarification on the meaning of "significant portion," explaining that term encompasses one or more entire portion(s) or module(s) of the building or work, such as a completed room or structure, but does not include materials or prefabricated component parts such as prefabricated housing components.

# **Definitions**Site of the Work

#### **NEW RULE** –

• *Flaggers* - The final rule clarifies that flaggers are working on the site of the work if they work at a location adjacent or virtually adjacent to the primary construction site, such as a few blocks away or a short distance down a highway.

# **Definitions**Site of the Work

#### **NEW RULE** –

- Material Suppliers The final rule excludes material suppliers from the definition of contractor. Material suppliers are entities whose only contractual responsibilities are the delivery of materials/supplies and activities incidental to those tasks.
- An <u>entity</u> that engages in other construction work at the site of the work is not a material supplier, but a *contractor* or *subcontractor* under the DBA.
  - Material suppliers may both deliver and pick up materials
  - An entity that is solely engaged in picking up and hauling away materials is not a material supplier.

#### Site of the Work

#### **NEW RULE** –

- *Truck Drivers* Truck drivers employed by contractors or subcontractors must be paid applicable prevailing wage rates for:
  - All onsite driving time unrelated to offsite delivery (e.g., hauling materials from one location on the site of the work to another)
  - Any time spent transporting "significant portions" of public works from secondary construction sites
  - Any time spent transporting materials to or from adjacent or virtually adjacent dedicated support sites
  - Any onsite time related to offsite delivery if such time is not de minimis

#### NEW RULE -

- ...if such time is not de minimis
  - The final rule clarifies that where workers spend a significant portion of their day or week onsite, <u>short periods of time</u> that in isolation might be considered de minimis may be added together.
  - The <u>total amount of time</u> a driver spends <u>on the site</u> of the work during a typical day or workweek—not just the amount of time that each delivery takes—<u>is relevant</u> to a determination of whether the onsite time is de minimis.

#### Laborer or Mechanic – Survey Worker clarified

#### **NEW RULE** –

- Survey crew members working on a covered project are subject to DBLS as laborer/mechanic when:
  - Perform primarily physical and/or manual work; and
  - Spend most of their time taking or assisting in taking measurements
    - If not exempted as professional, executive, or administrative employees
    - If work is performed on the site of the work
    - If work is performed immediately prior to or during construction in direct support of construction crews
    - If survey crew members are employed by contractors or subcontractors

#### FEDERAL LABOR STANDARDS

Economic Development Projects

## **CDBG Economic Development Projects**

Davis Bacon Applies to <u>all construction activities</u> using CDBG funds whether on public or private property.

- Infrastructure improvements for the benefit of a business;
- Direct Capital investment to a business (building improvements, installation and purchase of equipment, construction costs, leased improvements).

Any construction contract over \$2,000 is subject to Federal Labor Standards – Davis Bacon and Related Acts (DBrA).

Construction includes alteration and/or repair, including painting and decorating, of public buildings or public works. NEW RULE - Includes installation of equipment.

October 1, 2024
Administrator's Workshop

The purpose of the Section 3 Program is to ensure that economic opportunities (most importantly employment) generated by certain HUD financial assistance shall be directed to low- and very low-income persons, particularly those who are recipients of government assistance for housing or residents of the community in which the Federal assistance is spent. Direct recipients of certain HUD financial assistance and their contractors and subcontractors are required to provide, to the greatest extent feasible, economic opportunities to residents and businesses in the community where the HUD financial assistance expended is consistent with existing federal, state, and local laws and regulations.

Section 3 Project: A Section 3 covered project means housing rehabilitation, housing construction, and other public construction projects assisted under U.S. Department of Housing and Urban Development programs that provide housing and community development financial assistance when the total amount of assistance to the project exceeds a threshold of \$200,000. The project is the site or sites together with any building(s) and improvements located on the site(s) that are under common ownership, management, and financing. Section 3 requirements apply to an entire Section 3 covered project, regardless of whether the project is fully or partially assisted.

<u>Section 3 Worker</u>: any worker who currently fits, or when hired within the past 5 years fit, at least one of the following categories, as documented:

- (1) The worker's income for the previous or annualized calendar year is below the income limit established by HUD;
- (2) The worker is employed by a Section 3 Business concern; or
- (3) The worker is a YouthBuild participant.
- \*Income limits are individual income (not based on family or household)
- \*Residential address of worker is used to determine Section 3 Worker income limits.

https://www.hud.gov/section3

Definition does not exclude an individual that has a prior arrest or conviction. Nothing in this part shall be construed to require the employment of someone who meets this definition of a Section 3 Worker. Section 3 Workers are not

exempt from meeting the qualifications of the position to be filled.

<u>Targeted Section 3 Worker</u>: A targeted Section 3 Worker for housing and community development financial assistance means a <u>Section 3 Worker</u> who is:

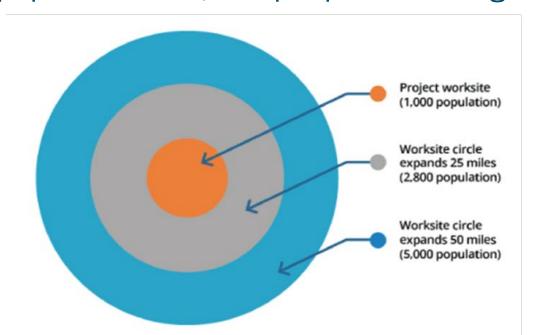

- (1) A worker employed by a Section 3 Business concern; or
- (2) A worker who currently fits or when hired fit at least one of the following categories, as documented within the past 5 years:
  - (i) Living within the service area or the neighborhood of the project; or
  - (ii) A YouthBuild participant

Does not exclude an individual that has a prior arrest or conviction.

#### Service Area or the neighborhood of the project:

- An area within one mile of the Section 3 project; or
- If fewer than 5,000 people live within one mile of the project, within a circle centered on the Section 3 project location that is sufficient to encompass a population of 5,000 people according to the most recent U.S. Census.

# Universe of Workers

All Workers

All Section 3 Workers

> Targeted Section 3 Workers

The graphic above shows three concentric circles.

The smallest internal circle illustrates Targeted

Section 3 workers, the mid-sized circle illustrates all

Section 3 workers, and the largest external circle

illustrates all workers.

**Section 3 Business Concern**: A business that meets at least one of the following criteria (must be documented) within the last six months:

- It is at least 51 percent owned and controlled by low- or very low-income persons; or
- At least 51 percent owned and controlled by current public housing residents or residents who currently live in Section 8- assisted housing; or
- Over 75 percent of the labor hours performed for the business over the prior three-month period are performed by Section 3 Workers.

Grantees, contractors and subcontractors should, to the greatest extent feasible, ensure that

- employment and training opportunities arising in connection with Section 3 projects, and
- contracts for work awarded in connection with Section 3 projects, are provided in the following order or priority:
- 1 to Section 3 Workers residing in the service area or neighborhood of the project; and
- 2 to participants in YouthBuild programs.

Section 3 Labor Hours: are the number of paid hours worked by persons on a Section 3 project.

\*Calculate Labor Hours Percentage

The **Section 3 labor hours worked** on a project **divided** by the **Total labor hours worked** on a project.

The **Targeted Section 3 labor hours worked** on a project **divided** by the **Total labor hours worked** on a project.

To meet the <u>quantitative</u> benchmarks for the Safe Harbor provisions:

- 1 25% or more of all labor hours worked on a project must be worked by Section 3 Workers; and
- 2 5% or more of all labor hours worked on a project must be worked by Targeted Section 3 Workers.

\*The 5 percent goal is contained within the 25 percent goal – all Targeted Section 3 Workers are Section 3 Workers.

Both goals must be met to meet the Safe Harbor benchmark.

If the Section 3 <u>quantitative</u> benchmarks are not met, the Grantee must report on the <u>qualitative</u> nature of their activities, and those its contractors and subcontractors pursued.

<u>Qualitative Efforts</u> may, for example, include but are not limited to the following (listed on the Safe Harbor Compliance Form):

- Engage in outreach efforts to generate job applicants who are Targeted Section 3 Workers.
- Provide training or apprenticeship opportunities.
- Provide technical assistance to help Section 3 Workers compete for jobs (e.g., resume assistance, coaching).
- Provide or connect Section 3 Workers with assistance in seeking employment including: drafting resumes, preparing for interviews, and finding job opportunities connecting residents to job placement services.
- Hold one or more job fairs
- Provide or referred Section 3 Workers to services supporting work readiness and retention (e.g., work readiness activities, interview clothing, test fees, transportation, childcare)

#### **More Qualitative Efforts:**

- Provide assistance to apply for/or attend community college, a four-year educational institution, or vocational/technical training.
- Assist Section 3 Workers to obtain financial literacy training and/or coaching.
- Engage in outreach efforts to identify and secure bids from Section 3 Business concerns.
- Provide technical assistance to help Section 3 Business concerns understand and bid on contracts.
- Divide contracts into smaller jobs to facilitate participation by Section 3 Business concerns.
- Provide bonding assistance, guaranties, or other efforts to support viable bids from Section 3 Business concerns.
- Promote use of business registries designed to create opportunities for disadvantaged and small businesses.
- Outreach, engagement, or referrals with the state one-stop system as defined in Section 121(e)(2) of the Workforce Innovation and Opportunity Act.

#### **GRANTEE Responsibilities**

- Notify Section 3 Workers and Section 3 Business concerns about jobs and contracts generated by Section 3 covered assistance (CDBG funds) so that they may submit applications and bids/proposals for available contracts and job openings.
  - Example: Post the Notice to Citizens, Opportunity For Work
- Notify potential contractors of their responsibilities under Section 3.
  - Example: Include Section 3 language in bid advertisements and bid documents (Contractor's Intent to Comply with Section 3) for the CDBG assisted project.
- Include Section 3 language in all applicable (CDBG assisted) contracts.
- Require contractors and subcontractors to meet the requirements of employment and training and contracting (§75.19) regardless of whether Section 3 language is included in contracts.
  - Example: Bid advertisement language, Bid packet documents, Discussion at any pre-bid meeting and/or pre-construction conference and provide details on quantitative benchmarks and/or qualitative activities.

#### **GRANTEE Responsibilities – continued**

- Give priority (to the greatest extent feasible) if a Section 3 Business submits a bid for an opportunity associated with the CDBG assisted project.
- Document action(s) taken to meet the HUD benchmarks.
  - Example(s): Correspondence with Section 3 Businesses, pre-bid or preconstruction meeting minutes, all qualitative activities for Safe Harbor compliance when Section 3 Benchmarks are not met.
- Respond to Section 3 complaints.
- Complete and submit the required Section 3 Forms to the Department.

#### PRIME CONTRACTOR Responsibilities

- Sign and submit the "Intent to Comply with Section 3" form and include it in the bid packet. Failure to do so will result in an incomplete bid.
- Sign and submit the Proposed Subcontractor Breakdown form.
- Notify all subcontractors of their Section 3 responsibilities.
- Refrain from contracting with subcontractors for whom they have received notice or have knowledge that the subcontractors have been found in violation of the regulations in 24 CFR 75.
- Provide a permanent workforce breakdown (Estimated Project Workforce Breakdown form) of all current employees and identify the Section 3 Workers that were hired within the last five years.
- Provide an estimated breakdown of potential hires for the awarded project and timeline of anticipated hiring.
- Meet Section 3 quantitative benchmarks or document Qualitative efforts.

#### PRIME CONTRACTOR and SUBCONTRACTOR - Responsibilities

- Maintain records that document a good faith effort to utilize Section 3 Workers and Target Section 3 Workers as trainees and employees and any other qualitative efforts to comply with Section 3.
- Recordkeeping requirements are found at 24 CFR § 75.31. The contractor is required to maintain documentation to demonstrate compliance with the regulations and is responsible for requiring their subcontractors to maintain or provide any documentation that will assist in demonstrating compliance, including documentation that shows hours worked by Section 3 Workers and Targeted Section 3 Workers.

#### **Section 3 Documents**

- Notice to Citizens Opportunity for Work Grantee
- Intent to Comply with Section 3 Requirements contractor/subcontractor
- Certificate of Bidder Regarding Section 3 and Segregated Facilities contractor
- Proposed Subcontracts Breakdown contract
- Estimated Project Workforce Breakdown contractor/subcontractor
- Contractor Permanent Workforce Form contractor/subcontractor
- Section 3 Worker Certification contractor/subcontractor
- Section 3 Business Concern Certification Form and Section 3 Business Owner Certification Form – Grantee/contractor
- Section 3 Compliance Report Grantee/Contractor
- Safe Harbor Compliance Form with supporting documentation <u>– Grantee/contractor</u>
- Final Section Utilization Report Grantee

#### **REPORTING**

The <u>Section 3 Compliance Report</u> is a tool to be used to track Section 3 and Targeted Section 3 Worker Hours on CDBG funded projects. This spreadsheet should be maintained through the duration of the project. Contractors and subcontractors must submit to the Grantee a weekly Section 3 Compliance Report when they submit a copy of the weekly payroll.

Grantees will be asked to provide DCEO with Section 3 and Targeted Section 3 Worker hours for each project, as well as other qualitative activities conducted to comply with Section 3 requirements.

Grantees will track the weekly Section 3 Labor Hours and fill in the spreadsheet for a cumulative total. Submit to DCEO as documentation of compliance with Section 3 reporting requirements. Even if no Section 3 Workers were utilized, this report must be completed and

submitted to DCEO at the completion of the project.

#### **FINAL REPORTING**

The <u>Final Section 3 Utilization Report</u> must be completed and submitted along with the <u>Section 3 Compliance Report</u> and other grant closeout documents.

When the Grantee submits the Final Section 3 Utilization Report and has not met the required Benchmarks, the <u>Safe Harbor Compliance Form</u> and any supporting documents must also be submitted with other grant closeout documents.

Penalties for non-compliance with Section 3 requirements may include:

- A monitoring finding or sanctions.
- Debarment or suspension of funds.
- Termination of Grant Agreement/Contract.
- Limited denial of participation in State of Illinois CDBG programs.

The Section 3 Plan and information about Section 3 can be found on DCEO's website, Community Development landing page, left-hand menu select Section 3.

Forms are specifically located in the Appendix, of the Plan

https://dceo.illinois.gov/communitydevelopment/section3.html

#### HUD's Section 3 Job Aid for Contractors and Subcontractors at

- https://www.hudexchange.info/resource/7017/section-3-job-aid-for-contractorsand-subcontractors-hcd-financial-assistance/
- All DCEO forms and information on Labor Standards/Construction Management/Section 3 are in process of being updated on our website.

Thank you.

Please contact your grant manager with questions that relate to your specific project.

# Compliance Construction Management Lisa Thomas-Swaine

## **Construction Management Documents**

- Notice of Contract Award (DOL and DCEO)
- Preconstruction Conference Checklist
- CDBG Contractor Profile Form
- CDBG Construction Management Checklist
- Labor Standards and Construction Management Process Guide
  - This document provides information on the construction process and requirements.

## **Construction Management**

- All CDBG construction projects must be competitively bid using the sealed bid process.
- CDBG Bid/Contract documents must be used.
- The only exception is joint-funded *federal source* projects (i.e. USDA RD, IEPA).
  - CDBG requirements and certifications *must* be included and appropriately identified.

- Advertise a minimum of 30 days prior to bid opening.
- Bid Packet, with Table of Contents must be submitted to DCEO Grant Manager, 3 weeks before Bid Advertisement date to ensure all terms, conditions and certifications are included.

#### Bid Packet Contents

- Language/Verbiage in the Invitation for Bids Template must be included for the **Bid Advertisement**.
- •
- In addition to the Project Specifications, the following Federal and State documents must be included in the **Bid Packet**:
- Instructions to Bidders make sure there is info on Bonds
- General Conditions Section 1 and General Conditions Section 2
- Bid for Site Preparation <u>and/or</u> Bid for Unit Price Contracts and/or Bid for Lump Sum Contracts.
- Statement of Bidder Qualifications
- HUD-4010 The entire HUD-4010 document must be included in totality, without separation of sections of the document.
- Wage Rate Determination
  - The courtesy copy of the Wage Rate Determination must be included in the bid packet.
- Bid Bond
- Intent to Comply with Section 3 Requirements
- Certification of Bidder Regarding Section 3 and Segregated Facilities
- Proposed Subcontracts Breakdown Table A
- Estimated Project Workforce Breakdown Table B
- Certification of Bidder Regarding Equal Employment Opportunity

- Certification by Proposed Subcontractor Regarding Equal Employment Opportunity
- Buy America Preference Certification The Build America, Buy America Act (BABA) requires that products purchased in connection with infrastructure projects funded by Federal financial assistance programs must be produced in the United States. Currently, the following products used in Federally funded infrastructure projects must be produced in the United States:
  - Iron and steel;
  - Specifically Listed Construction Materials:
    - Metals other than iron or steel (non-ferrous metals)
    - Lumber
    - Composite building materials
    - Plastic and polymer-based pipe and tube (e.g., PVC pipe)
- Non-collusion Affidavit of Prime Bidder
- Non-collusion Affidavit of Subcontractor
- MBE and Citizens Opportunity to Work forms

- Request Prevailing Wage Rates (SF 308) with submission of Bid Packet.
- Submit a *draft* Invitation for Bid, with specific project description that matches Exhibit B of the executed Grant Agreement and the Environmental Release letter, with the Bid Packet.
- DCEO Grant Manager will issue a Courtesy WRD to be included in the Final Bid Packet.

Please note when preparing bid and contract documents for an "On Behalf Of" project, the CDBG Grantee is the responsible entity.

**MBE Notice** – Post and send to PTAC/APEX Center and

### Darryl.Thomas@illinois.gov

- Now under the management of the Department of Defense (DoD) Office
  of Small Business Programs (OSBP), the Procurement Technical
  Assistance Centers (PTACs) are now referred to as the APEX Accelerator
  Centers.
- https://dceo.illinois.gov/smallbizassistance/beginhere/ptac.html
- Click on Find a Local APEX
- Center Type = "Illinois APEX Accelerator Center Government Contracting Specialty"
- Grantee to post at their meeting location (where public notices are posted).

## **MBE Notice**

- File confirmation that this has been completed.
   Confirmation should include:
  - Proof of Grantee Posting (take pictures for file).
  - Proof emails were sent to PTAC/APEX and Darryl Thomas
- This should be done when you advertise to allow for MBE participation.

On the bid opening date, the Grant Manager will send a "lock-in" WRD to be included with the Executed Construction Contract.

 If there are mitigating circumstances and the Construction Contract is not executed within 90 days of Bid Opening, then another WRD will be required to be "locked in". You will need to reach out to your assigned Grant Manager if this is the case.

- Publicly open all bids.
- Choose lowest, responsible bidder
  - "Responsible" means a contractor who has submitted all required documentation with their bids
- Award within 30 days or reject all bids and readvertise.
- If only one bid received, submit the bid tab and a list of bid packet holders to the GM for approval.

 Contractor eligibility must be verified at Sam.gov prior to contract award -retain documentation in file and include with the NOCA.

NOTE: It is not necessary for construction contractors working on CDBG grant-funded projects to be registered in SAM.gov and receive a Unique Entity Identifier (UEI). However, the Contractor <u>must not be actively excluded from participating in any federal assistance program</u> [24 CFR 85, Subpart C 85.35; HUD 4010].

• Grantee issues Notice of Award to lowest responsible bidder.

- Contractor signs the Notice of Award and <u>all certifications</u> <u>Contract</u>
   Agreement is executed. This is the date used for the NOCA.
- Within 10 days of Contract Execution, send a copy to the Grant Manager.
- Along with NOCA, include the following pages from the contract:
  - Bid tab
  - Selected bid
  - Contracting parties
  - Amount of Contract
  - Effective date
  - SAM.gov eligibility certification
  - Signed Intent to Comply with Section 3 requirements

Submit NOCA through Notification of Construction
 Contract Award to the portal for the US Dept of Labor.

**Notification of Construction Contract Award Portal | U.S. Department of Labor (dol.gov)** 

 Hold preconstruction conference. (This should only occur after all construction documents have been *fully* executed by the grantee and the contractor).

At the Pre-Construction Conference, the DCEO Pre-Construction Conference Checklist must be utilized. Please go to DCEO's website for this document.

- Collect complete, signed Contractor Profile Form with fringe benefit statements.
- Inform contractor of the "locked-in" WRD for the project, Labor Standards
  Provisions HUD 4010, Conformance requirements for additional
  classifications, Section 3 Reporting and Benchmark Goals
  (quantitative/qualitative, payroll forms), Apprentice documentation
  requirements (including Agreement to document ratio), and posting
  requirements for work site.
- Provide Contractor with Davis Bacon Contractor's Guide and Addendum.

- The Pre-Construction Conference can conclude with the Notice to Proceed.
- After Pre-Construction Conference, submit the following documents to the Grant Manager:
  - Signed Meeting Minutes (HUD requires all attending parties sign to verify their presence at the meeting)
  - Contractor Profile Form
  - Fringe Benefits Statements
  - Notice to Proceed

- Only when the general contractor receives a Notice to Proceed is he/she authorized by the grantee to begin performing the previously agreed upon Scope of Work.
- The Notice to Proceed (part of the DCEO Contract Documents) must establish:
  - The construction start date;
  - The scheduled project completion date; and
  - Describe the basis for assessing liquidated damages in the event of unsatisfactory performance by the general contractor or its subcontractors, etc.

# Construction Management CDBG Construction Management Checklist

- Davis Bacon Standards and Section 3
   Requirements can be found at DCEO's website.
- The CDBG Construction Management Checklist must be maintained as part of the Construction Contract File of the CDBG Grant Documents.
- The checklist must be completed and signed at project completion for monitoring purposes.

## **RECORDS RETENTION**

All documents related to Davis Bacon Labor Standards and Construction Management must complete, signed (where applicable) and held in the Grant Administrator's files for three years after the project completion date. Documents must be readily available for monitoring.

## **Community Development Block Grant Applications**

• BUILD AMERICA, BUY AMERICA ACT (BABA) UPDATES

**Lisa Thomas-Swaine** 

## What Is The Build America, Buy America Act?

- Enacted as part of the Infrastructure Investment and Jobs Act signed by President Biden on November 15, 2021.
- BABA regulations are encoded at 2 CFR 184.
- Notice CPD-23-12 provides implementation guidance for CPD grantees.
- Requires that iron, steel, construction materials and manufactured products used in infrastructure projects be produced in the United States
- This requirement is known as the Buy America Preference (BAP)

## **Executive Order 14005**

## Executive Order on Ensuring the Future Is Made in All of America by All of America's Workers

"...Sec. 7. Supplier Scouting. To the extent appropriate and consistent with applicable law, agencies shall partner with the Hollings Manufacturing Extension Partnership (MEP), discussed in the Manufacturing Extension Partnership Improvement Act (title V of Public Law 114-329), to conduct supplier scouting in order to identify American companies, including small- and medium-sized companies, that are able to produce goods, products, and materials in the United States that meet Federal procurement needs..."

# Where Are We In Phased Implementation?

| Program                   | Iron & Steel | Specifically Listed<br>Construction<br>Materials | Not Listed<br>Construction<br>Materials | Manufactured Products |
|---------------------------|--------------|--|---|-----------------------|
| CDBG and RHP              | BABA Applies | BABA Applies                                     | BABA Doesn't Apply                      | BABA Doesn't Apply    |
| HOME, HTF, ESG, and HOPWA | BABA Applies | BABA Applies                                     | BABA Applies                            | BABA Applies          |

# **State and Federal Compliance - BABA**

- For the purposes of BABA, an infrastructure project is defined as any project that includes the following activities:
  - Construction,
  - Alteration,
  - Maintenance, or
  - Repair.

## **BABA Definitions**

#### **Construction materials**

- Includes all raw materials used in construction, including:
- metals other than iron/steel,
- plastic materials such as PVC pipe,
- glass,
- lumber,
- drywall.

Does not include cement and aggregates (stone, sand, gravel).

#### **Iron and steel**

 Includes materials that are primarily composed of iron or steel.

### **Manufactured products**

- A material or supply used in an infrastructure project that is not iron or steel or a construction material.
- When two or more materials are combined, they should be treated as a manufactured product.

# **HUD Construction Materials Groups**

### **Specifically Listed**

- Metals other than iron or steel (non-ferrous metals)
- Lumber
- Composite building materials
  - polymer-based pipe
- and tube (e.g., PVC pipe)

#### **All Other Construction Materials**

- Glass
- Drywall
- Other construction materials

# Which Of Our Current Programs Are Subject to BAP and Which Are Not?

## **OUR PROGRAMS SUBJECT OUR PROGRAMS NOT** TO BAP **SUBJECT TO BAP** ALL Regular CDBG CDBG-CV (Corona Virus) (Economic Development **Shelter Grants**) and Public Infrastructure) CDBG-DR (Disaster Relief) Housing

## Which Products Are Not Covered by the BAP?

- Temporary products and materials removed before project completion
- Equipment and furnishing
- TA and management costs
- Design and planning costs

## **State and Federal Compliance - BABA**

- Does not apply to Infrastructure projects with a total cost of \$250,000 or less.
  - Makes Housing Rehab exempt, as each home is its own individual project.

## **New Resource: Optional BAP Checklist**

#### CHECKLIST **Build America, Buy America Act:** Optional Buy America Preference COMMUNITY PLANNING (BAP) Applicability Checklist DEVELOPMENT **Overview** This checklist is an optional tool that may be used or adapted to assist For more information on BABA with determining if the Buy America Preference (BAP) applies to an and the BAP, visit the BABA infrastructure project funded by a covered CPD program. This checklist page on the HUD exchange. follows the analysis steps as described in Notice CPD 2023-12 and may be retained for recordkeeping purposes. **Project Information** Grantee **Grant Number Activity Name** Activity Number (IDIS/DRGR) Is the project an infrastructure project, as defined by the BABA statute? Yes Continue to Step 2. The BAP does not apply. The BAP only applies to infrastructure projects. Stop here.

Build America, Buy America Act Is the project funded using a covered CPD program? (Check the box below for each CPD program funding this project.) Group A: Covered CPD Programs CDBG SHOP Section 108 VHRMP HOME CPF/EDI HTF Section 4 RHP Rural Capacity Building ESG PRO Housing CoC PRICE **HOPWA** FY23 PSH Funds Group B: CPD Programs Not Covered by the BAP CDBG-CV CDBG-DR CDBG-MIT HOPWA-CV CDBG-NDR ESG-CV HOME-ARP If you selected any Group A programs (even if Group B programs are also selected), answer yes. If you selected only Group B programs, answer no. Continue to Step 3. The BAP does not apply to this project because it is not funded by a covered CPD program. Stop here.

This optional checklist follows the six-step analysis described in the CPD's BABA **implementation** guidance and can be used or modified for recordkeeping.

## **BAP Certification**

CERTIFICATION

Build America, Buy America Act:
Optional Buy America
Preference (BAP) Certification

#### **Project Information**

| Grantee                     |  |
|-----------------------------|--|
| Grant Number                |  |
| Activity Name               |  |
| Activity Number (IDIS/DRGR) |  |

This "Optional Buy America Preference Certification" is used to certify that, as required by the Build America, Buy America (BABA) Act, all of the iron, steel, manufactured products, and construction materials incorporated into an infrastructure project are produced in the United States, unless exempted by a HUD general waiver or a project-/product-specific waiver approved by the Made in America Office (MIAO) at the Office of Management and Budget (OMB).

#### For covered materials not otherwise exempted from the Buy America Preference (BAP), the undersigned certifies the following:

- All iron and steel used in the project are produced in the United States. This means all manufacturing processes, from the
  initial melting stage through the application of coatings, occurred in the United States;
- All manufactured products used in the project are produced in the United States. This means the manufactured product
  was manufactured in the United States, and the cost of the components of the manufactured product that are mined,
  produced, or manufactured in the United States is greater than 55 percent of the total cost of all components of the
  manufactured product, unless another standard that meets or exceeds this standard has been established under applicable
  law or regulation for determining the minimum amount of domestic content of the manufactured product;
- All construction materials used in the project are manufactured in the United States. This means that all manufacturing
  processes for the construction material occurred in the United States.

#### Attach a list of all covered materials procured by the signatory and used in the project.

I hereby certify this information is complete and accurate and agree to provide documentation collected on the country of origin for all covered materials I caused to be incorporated into or affixed to an infrastructure project to the CPD grantee and HUD upon request. I understand and agree that the provisions of 31 U.S.C. Chap. 38, Administrative Remedies for False Claims and Statements, apply to this certification and disclosure, if any.

| Signature | Title/Organization | Date |
|-----------|--------------------|------|
|           |                    |      |
|           |                    |      |

This document will be required for Contractors to complete; and will be included in the bid packet.

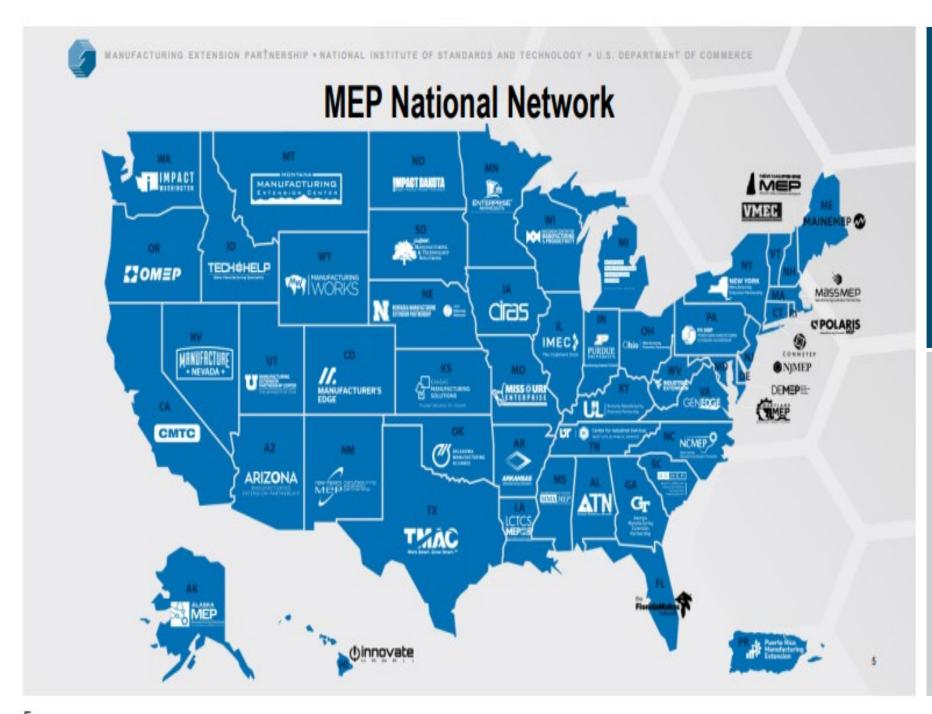

## **Assistance for Contractors**

# Introduction to the Manufacturing Extension Partnership (MEP)

A unique public-private partnership that delivers comprehensive, proven solutions to U.S. manufacturers, fueling growth and advancing U.S. manufacturing.

**Direct Contact** 

scouting@nist.gov

Ph: 301-975-5020

# **Project-Specific Waivers**

The Contractor has performed due diligence/market research to find domestic-made equivalents for products, but been unsuccessful attributable to one of the following causes:

Non-Availability:

No domestic product is available.

Unreasonable Cost:

Inclusion of a domestically produced product would increase the cost of the <u>overall</u> <u>project</u> by more than 25%.

Public Interest:

Complying with BABA would be inconsistent with the public interest.

If any of the above are applicable, the assigned DCEO Grant Manager should be contacted 6 weeks prior to procurement of materials.

## **Grantee Reporting System (GRS)**

**Community Development Block Grants** 

Casey Sullivan

# **Grantee Reporting System (GRS)**

DCEO's system for reporting costs and drawing funds;

Created in mid to late 1980's;

DCEO's connection to State Comptroller's (IOC) financial system;

## **Grantee Reporting System (GRS)**

Connection to IOC updated via SAP software in 2022;

 <u>CDBG</u> Grant Administrators can access through their "MHD #" (i.e., RACF ID); Rebuild Illinois administrators cannot.

### **Grantee Reporting System (GRS)**

- Normal Grant Administrator training and contact for GRS is Program Accountant/Acct Super in DCEO OFM;
- Bring GRS concerns to Grants Manager until directed otherwise;
- Request RACF ID password re-set to:
   ceo.racfsecurity@illinois.gov; provide RACF ID (i.e.,
   MHD #) and organization name. Do not contact GM
   for re-set.

### All CDBG GRS Thresholds

 New Grant Agreement: All Special Grant Conditions (SGC's) automatically set to "No" on GRS;

 SGC's for Activity Delivery (AD) or Admin-Inspection will be turned to "Yes" on GRS by assigned GM upon receipt of respective AD or Admin-Inspection Contract(s) and 1<sup>st</sup> detailed invoice.

### CDBG PI & ED-PI GRS Thresholds

- SGC's for Construction activities will be turned to "Yes" by PI Program Manager after proper labor standards documents submitted and approved for PI or ED-PI.
- Current required documents consist of Notice of Contract Award (NOCA) and sam.gov page(s) showing no exclusions for the selected contractor.

### **CDBG Draw Rates – AD or Admin-Inspection**

- All AD and/or HR Admin-Inspection to be billed on actual hours worked basis;
- Must include DCEO OCD-provided <u>hours worked</u> invoice;
- May also include your firm's invoice sheet;
- May report and draw on GRS as hours are earned, or report and draw proportionally during grant term, based on hours worked;
- Draw proportionate with underlying construction costs.

#### **CDBG PI & ED-PI Construction Draw Rates**

 Since Fall 2023, any CDBG PI or ED-PI grant with budgeted "Other Funds" for construction must spend and report said funds on a 1:1 ratio with CDBG construction funds until "Other" construction funds are fully exhausted;

 All funders want timely expenditure of their funds, including DCEO for CDBG.

#### **GRS Entries**

 Once a SGC has been turned to "Yes", Grant Administrator may report and draw that line-item on GRS Screens 351-353.

If unable to process a transaction, contact assigned
 CDBG Grants Manager immediately.

 To reduce a reported cost, place "-" after amount to be reduced.

### **GRS Entries**

 "GRS Grantee Handbook" available at https://dceo.illinois.gov/communitydevelopment/commgranteesupport.html

# Community Development Block Group Grants Modifications & Waivers

Kristy Jones

#### **Grant Modifications**

# Consult well ahead of time with your CDBG Grant Manager regarding proposed changes:

- Project Location(s) change
- Project Beneficiaries (including project area)
- Environmental Impact (i.e., changes from completed ERR)
- Scope of Work
- Budget
- Project End Date

### **Grant Modifications**

#### Modifications are Not Allowed for:

- Requests for activities outside the original project area.
- Requests to decrease or increase the Scope of Work/Budget due to greater or less than estimated project costs.

#### In addition:

• If the modification will alter the LMI benefit, the resulting LMI benefit must still be 51% or greater.

(HUD and application threshold)

#### **Waivers**

### Modifications to an expired Grant Agreement

Avoid if at all possible.

 Additional work for all parties (Grantee, DCEO Grant Manager, Legal & Accounting.

Need for Notarized Contract Renewal Affidavits & other possible "paper" forms).

- After an initial phone or e-mail consultation initiated by the Grantee's Grant Administrator, the CDBG Grant Manager will determine if a written Modification or Waiver request is required and potentially acceptable.
- The DCEO Grant Manager will consult internally with the Program Manager and potentially the Deputy Director regarding the appropriateness and allowability of the request.

 If the modification request is deemed appropriate, the Grant Manager will advise the Grant Administrator to submit the Modification or Waiver request forms via e-mailed PDF documents.

 After receipt of the documents, the Grant Manager will initiate the Modification or Waiver request on the DCEO eGrants system as well as any other systems that may be applicable. (GRS & HUD IDIS)

- Following DCEO Legal Counsel approval of the Modification request, the Grant Manager will send the Grant Administrator the new Grant Modification Agreement for dated signature by the Authorized Designee or Authorized Signatory listed in Grant Agreement.
- The signed and dated Grant Modification Agreement should be returned to the Grant Manager by the Grant Administrator via emailed PDF.

 Once the Modification/Waiver is executed, the Grant Manager will e-mail a PDF copy to the Grant Administrator for filing into the grant file, as well as providing it to the Grantee.

Letter signed by the Grantee's Chief Elected Official on Grantee letterhead including:

- What change is being requested.
- Details about why change(s) are necessary.
- Project Grant Number.

DCEO CDBG Modification/Waiver Information Sheet

Update: This form is no longer needed!

#### **Budget Modification Requests**

Completed GATA Uniform Grant Budget Modification Template.

 The Budget Certification page signed by both the Grantee's Chief Elected Official and Treasurer or Clerk.

#### Scope of Work Modification Requests

already done so by the Grant Administrator.

- Your Grant Manager will determine if the proposed change(s), including to "Project Activities" line-items in the Grant Agreement Exhibit B require a Scope Modification.
- If a modification is required, the Grant Manager will prepare a revised Scope of Work to include in the Modification packet and e-mail a copy to the Grant Administrator. The Scope box on the Information Sheet should also be marked if not

#### **Revised Project Location Map**

 Required for changes of site location(s) within the approved project area.

 Must clearly indicate proposed location(s) to be added and proposed location(s) to be deleted.

#### For Unused CDBG PI LMI Connection Funds

- Include Form Appendix 1-4-D from the Grant Management Handbook.
- This is required when a grantee is moving unused LMI Connection funds to the Construction line-item, because a documented insufficient number of LMI households did not income qualify.
- NOTE: This is RARELY approved by DCEO, so budget initial LMI Connection funds carefully in your grant application.

#### **Potential Pitfalls & Reminders**

Unapproved changes can result in repayment of Grant funds.

 Modifications of an expired grant may not be allowed. This is at the discretion of DCEO.

 Always contact your Grant Manager prior to changing a CDBG grant project in any way.

#### COMMUNITY DEVELOPMENT BLOCK GRANTS

Quarterly Reporting / Financial Monitoring

Jeff Davis, Casey Sullivan

#### 2 CFR 200.302 - 200.332 / 24 CFR 570

State CDBG Programs are required to establish record keeping methods to review and monitor CDBG Federal funds and confirm that Grantees:

- Carry out community development program requirements and activities described in the Application and Grant Agreement;
- Carry out activities in a timely manner;
- Charge eligible costs to the project;
- Conduct program and financial responsibilities to minimize opportunities for waste, mismanagement, fraud and abuse.

The Department's Office of Community Development (OCD) requires that Grantees submit financial and performance reports quarterly to confirm their compliance with program regulations and performance goals.

Quarterly, Grantees will submit -

- "Periodic Financial Report" (PFR).
- "Periodic Performance Report" (PPR).

Two forms scanned for one combined quarterly report - PFPR. Email to the Grant Manager: **22-242999 Grantee PFPR 09-30-24**.

#### Periodic Financial Report

- The (a) <u>Grantee Name</u>, (b) <u>Grant Number</u>, (c) <u>CSFA</u>, (d) <u>CFDA</u>, (f) <u>FEIN</u>, (g) <u>DUNS</u> or the <u>UEI</u>, (h) <u>Program Name</u> and/or Code, (i) <u>Date Prepared</u>, (j) <u>Agreement Period</u> and (k) <u>Report Period</u> can be found in the Grant Agreement.
- For CDBG, there is no (n) <u>Indirect Cost Rate</u> and no (p) <u>Program Restrictions</u>.
- If the project has Other funds committed to complete the project, listed in Exhibit B of the Grant Agreement, select Yes for (r) Mandatory Match, then in cell (s) Specify Match list the source of the Other funds.
- The (t) Program Income and (v) Interest Earned cells should be left blank.
- The (x) <u>Category/Program Expenses</u>, and (y) <u>Current Approved Budget</u> are filled in using the "Cost Category", "Activity", and "CDBG" grant funds listed in Exhibit B (e.g., O3JW Construction, O3JD Activity Delivery, 14A Rehab-Single Unit Residential, 14H Activity Delivery). Add lines if necessary.
- Cell (z) <u>Grant Expenditures</u> is to report the <u>Current Period Grant Expenses</u> and the <u>Prior Approved Grant Expenses</u>.
- Cell (aa) <u>Current Period Match</u> should contain Other funds spent, as part of a complete transaction, by the Grantee in the reporting period.
- Cell (bb) <u>Total Match</u> enter the Other funds spent to date.

\*To "Add" or "Delete" lines use the Add/Delete tab on the right end of page.

#### Periodic Financial Report - page 2

• The Authorized Signatory (listed in the Grant Agreement) or the Authorized Designee from Exhibit D, of the Grant Agreement, must sign the form. Please include the signature, typed name, title, phone number and date.

Reminder - When reporting data in cell (z) <u>Current Period Grant Expenses</u>, supporting documentation must be attached that <u>exactly matches the expenses</u> being reported. Current Period Grant Expenses are reported in the quarter the Grantee has a complete transaction that demonstrates the <u>expense</u>, the <u>payment</u> verification of the expense, and the <u>Grantee's deposit</u> of grant funds covering the expense. Examples of supporting documentation may include contractor's pay estimates, invoices, cancelled checks, and bank statements. Supporting documentation for Activity Delivery expenses being reported <u>must include</u> the completed <u>Activity Delivery Invoice</u> (template) that details the work completed and the amount of time spent on the project. A financial ledger showing the receipts and payouts of grant and Other project funds is helpful.

#### Periodic Performance Report

- Cell (1) <u>Grantee Name</u>, (2) <u>Grant Number</u>, (3) <u>DUNS</u> or the <u>UEI</u>, (4) <u>CSFA</u>, (5) <u>FEIN</u>, (6) <u>Program Name</u>, (7) <u>CFDA</u>, (8) <u>State Agency</u>, and (9) <u>Agreement Period</u> can be found in the Grant Agreement.
- Cell (10) Report Period End Date, end of a reporting quarter, (11) Final Report, (12) Report Frequency and (13) Prepared Date.
- Cell (14) <u>Deliverable</u> include one line for each Cost Category/Activity listed in Exhibit B of the Grant Agreement (e.g., O3JW Construction, O3JD Activity Delivery, Other Funds "Grantee Commits \$50,000 in Other funds", 14A Rehab-Single Unit Residential, 14H Activity Delivery). Add lines if necessary.
- Cell (15) Due Date enter the date the Deliverable (cell 14) is due to be completed the Grant Agreement end date.
- Cell (16) <u>Date Completed</u> enter the date the Deliverable (cell 14) is completed, **should be blank until the final report** when reporting that the project is complete.
- Cell (17) <u>Deliverable Explanation</u> blank until the final report.
- Cell (18) <u>Performance Measures</u> enter Performance Measures from Exhibit E of the Grant Agreement (e.g., Total persons served 500; Total LMI persons served 300 /60% LMI).
- Cell (19) <u>Performance Standard Frequency</u> enter Performance Standard from Exhibit F and when its due (e.g., Benefit 51% LMI/End of Project.
- Cell (20) <u>Results Accomplishments in Reporting Period</u> cell must be completed each quarter, DO NOT LEAVE BLANK. Enter actual results (details about the progress) for each Deliverable (cell 14) and Performance Measure (cell 18) for the specific reporting period. Leaving this blank will cause the report to be rejected.

-0- Copies

#### <u>Periodic Performance Report - Page 2</u>

- Cell (22) <u>Performance Explanation Award to Date and cell (23) Performance Accomplishments Correlated to Reported Expenses answer both questions.</u>
- The PPR must be signed by the Authorized Signatory (from the Grant Agreement) or the Authorized Designee from Exhibit D of the Grant Agreement. There must be a signature, a typed name, title, phone number and date.

To "Add" or "Delete" lines use the Add/Delete tab on the right end of the page.

#### Late or Non-submissions

- A "Scheduled Report Item Due" notice will be sent out by eGrants one week before the report is due.
- A "Notification of Reporting Non-Compliance" will be sent out by eGrants when a required report is not received.
- Delinquent/late reports are subject to FEIN locks and the Illinois Stop Pay List.
- The PFR and the PPR are on the website at: https://dceo.illinois.gov/communitydevelopment/commgranteereport.html

#### **Errors**

- Reports initially submitted that are not correct or contain errors will be returned to the grant administrator with notes on how to correct.
- Reports re-submitted that are still not correct will be rejected. An email notification of the rejection will
  be sent to the grant administrator <u>and the Grantee</u> indicating why the report is not correct.
- If correct reports are not received within 30 days of the notification of errors, then a FEIN lock will be placed on the grant/Grantee.
- If a correct report is not received within 30 days after a FEIN lock has been placed, then the Grantee may be placed on the Illinois Stop Pay List.

### **Quarterly Reporting**

### Things to Remember

- When reporting data in cell (z) Current Period Grant Expenses, there must be supporting documentation that
  exactly matches the expenses being reported, and they must be reported in the quarter <u>where the transaction</u>
  is completed.
- Other (construction) funds committed to a project must be drawn/spent at a ratio of no less than 1:1 until all
  Other funds are drawn or CDBG funds are exhausted.
- Other funds being reported must be supported by source documentation.
- The PFR and the PPR forms are the forms you will also use at Closeout.
- The Report Schedule is in the Grant Agreement.

## **Financial Monitoring**

#### **A Few Notes**

#### The Grant project file should include:

- Supporting documents with the names and titles of the Grantee's representatives that have fiscal responsibility (signature authority/those who handle book entries, check preparation, bank reconciliations) for CDBG funds.
- A copy of the Grantee fidelity bond that covers the Grantee's representatives, who have fiscal responsibility for CDBG funds.
- A financial ledger showing CDBG funds, and any Other funds, received and disbursed to complete the project.

### **Financial Monitoring**

A Few More Notes

#### **CDBG Grant Funds:**

- Must be spent on allowable items and be approved by the responsible Grantee official;
- Are for eligible expenses actually incurred
- Should be deposited into a separate (their own) non-interestbearing bank account;
- Require two signatures for disbursement to a contractor; and
- Must be disbursed within 20 days of receipt by the Grantee.

## Grant Closeout Ed Cross

The Grantee should begin the closeout process when:

- The project in Exhibit A of the Grant Agreement is complete.
- All costs have been incurred.
- All contracts have been paid in full.
- Grant closeout documents are due sixty (60) days after the end date of the Grant Agreement or sixty (60) days after all grant funds have been spent; whichever is first.

Grantees have up to 45 days after the end date of the Grant Agreement to request grant funds.

Closeout Reports / Documents

- The Final Periodic Financial and Performance Report (Final PFPR)
- The Grantee Evaluation Report (GER)
- As-built Map/Plan (PI)
- Section 3 Contractor's Report / Safe Harbor Report (PI)

\*\*Confirm that all quarterly reports, other reports and construction documents have been submitted to the Department and that the Grantee's grant file is complete.

The Final Periodic Financial and Performance Report

Periodic Financial Report (PFR), same form used for quarterly reporting.

- Cell (I) <u>Final Report for Award Period</u>, marked Yes.
- Submit any final source documents (pay estimates/invoices/change orders/cancelled checks/bank statements, etc.)

Periodic Performance Report (PPR) same form used for quarterly reporting.

- Cell (11) Final Report, marked Yes.
- Cell (16) <u>Date Completed</u>, end date of Grant Agreement or project completion date.
- Cell (17) <u>Deliverable Explanation</u>, enter a brief description of the completed activity. Enter any Other funds listed in Exhibit B of the Grant Agreement that were spent to complete the project.
- Cell (20) <u>Results Accomplishments in Reporting Period</u> include any activities completed in the reporting period.
- Remember two forms (PFR) (PPR) one report (PFPR)

22-242999 Grantee Final PFPR 6-30-2024

### **Grantee Evaluation Report** (GER)

- The GER document requires that the Grantee hold, and facilitate, a closeout public hearing to review program performance and obtain citizens reviews regarding program activities and performance under the grant.
- A Notice of Public Hearing must be published in a newspaper of general circulation in the Grantee's community, at least seven days (excluding the date of publication and the date of the hearing) prior to the hearing; and the notice must state the purpose of the hearing.
- A public comment period must coincide with the time period between the Notice and the hearing, which will conclude after the hearing has been completed. The address to submit written comments must be in the public notice.

#### **Grantee Evaluation Report** (GER)

The first page of the GER must be signed by the Grantee's authorized official. It must be signed
and dated <u>after</u> the closeout public hearing.

#### Submit with the Completed GER form:

- Newspaper Certification of Publication, with clipping of the Notice of Public Hearing.
- Certified minutes from the Public Hearing.
- Public Hearing sign-in sheet.
- Copy of any citizen's written comment regarding the Grantee's performance under the grant since the grant award date, along with the Grantee's written assessment of any citizen's comments and any action taken in response to the comments.
- The As-built map or drawing (PI).
- The Section 3 Contractor's Report and the Safe Harbor Compliance Form (PI)

### Section 3 Contractor's Report and Safe Harbor Report

- Each contractor working on the project must complete the Contractor's Report to report all hours worked, all Section 3 hours worked, and all Target Section 3 hours worked.
- The Grant Administrator is responsible for maintaining a cumulative report for all contractors working on the CDBG funded project.
- The Grantee and each contractor working on the project must complete the Safe Harbor Compliance Form to document its efforts to train and employ Section 3 workers, and to contract with Section 3 businesses.
- The Contractor's Reports and the Safe Harbor Compliance Forms must be maintained in the project file and submitted with the grant closeout documents.
- The Qualitative efforts will be reported to HUD at the closeout of the grant-funded project.

#### Final Reminders -

- The Final PFPR and GER are subject to FEIN locks and the Illinois Stop Payment Lists the same as regular quarterly reporting.
- The Department retains the right to disallow costs and/or recover funds on the basis of a later audit or other review.
- The Grantee continues an obligation to return funds to the Department from subsequent refunds, corrections, or other transactions.
- The Grantee continues responsibilities for records retention.
- The Grantee continues Audit requirement obligations.
- GRS Screen 352 (F6) to approve the certified costs

### **COMMUNITY DEVELOPMENT BLOCK GRANTS**

Other Required Reporting
Sean Dickerson

### Required Reporting

In addition to quarterly reporting, the following are also required:

- Fair Housing Poster/Complaint Form
- Section 504 Grantee Self-Evaluation for Persons with Disabilities
- Grant Agreement Exhibit G
- Compliance Monitoring
- External Audit Reporting
- Grantee Evaluation Report (GER)
- As Built Map/Drawing (PI)

## Required Reporting - Fair Housing

#### Grant Agreement - ARTICLE XXXVII, Grant Specific Terms and Conditions

- Title VIII of the Civil Rights Act of 1968 (P.L. 90-283), as amended, administering all
  programs and activities relating to housing and community development in a manner to
  affirmatively further fair housing; and will take action to affirmatively further fair housing
  in the sale or rental of housing, the financing of housing, and the provision of brokerage
  services.
- Grantees must post a Fair Housing Poster, where public notices are posted.
- Grantees must make Fair Housing Complaint forms available to the public.
- Verification of these postings are to be in your grant file.
- Fair Housing Poster:
   <a href="https://www.hud.gov/sites/documents/FAIR\_HOUSING\_POSTER\_ENG.PDF">https://www.hud.gov/sites/documents/FAIR\_HOUSING\_POSTER\_ENG.PDF</a>
- Fair Housing Complaint form:
- During monitoring visits, we will ask for photos of these.

## Required Reporting - Section 504/Exhibit G

Grant Agreement Section 3.5 Specific Certifications

**Anti-Discrimination** 

- Grantee shall comply with applicable provisions of State and Federal laws and regulations.
- (p) Section 504 of the Rehabilitation Act of 1973 (29 USC 794)

A copy of a completed Section 504 Self-Evaluation Review Form must be in place and available for public review. A copy of the completed Section 504 Self-Evaluation form must be in the grant file.

#### <u>Grant Agreement Exhibit G – Fiscal and Administrative</u>

 Additional documents may be requested based on the Grantees answers to the GATA Internal Control Questionnaire (ICQ).

## Required Reporting - Audit / Monitoring

#### <u>Grant Agreement Exhibit G – Programmatic On-Site Monitoring</u>

 Grantees are initially selected for On-site Compliance Monitoring based on answers provided in the GATA Internal Control Questionnaire (ICQ). Grant Managers may conduct an on-site monitoring visit for other reasons.

#### <u>Grant Agreement Article XII – Audit Requirements</u>

Grantees must adhere to applicable Audit Requirements. Deficient audit reports lead to Grantee
 FEIN locks and placement on the Illinois Stop Pay List.

### Required Reporting – GER / As-built

- <u>Grantee Evaluation Report (GER)</u> is the Grant Agreement programmatic closeout document. The GER is due to the Grant Manager either 60 days after the end date of the Grant Agreement or 60 days after all grant funds are spent.
- The As-built Map/Drawing (PI) is to describe/illustrate the project that was actually built. The As-built is due to the Grant Manager with the GER and other closeout documents.

### **Community Development Block Grants**

Grantee Files, Record Retention & Audit Requirements

- Establish a Filing System
- Use the CDBG Grantee Records Retention Checklist
- Know your Record Retention Requirements (2 CFR 200.333)
- Comply with Audit Requirements

#### **CDBG Grantee Records Retention**

| Grantee Name   | Start Date            |  |

A complete file includes <u>all</u> records that must be maintained

- Grant Application
- Environmental Review / Special Grant Conditions
- Grant Award/Agreement/Modifications
- Procurement of Construction Contracts (N/A for Housing)
- Construction Labor Standards
- Financial Management Records
- Financial Expenditure Records
- Equal Opportunity
- Direct Benefit Hook-ups (Pl only)
- Close Out
- Monitoring
- Miscellaneous

### **Grant Application**

- Complete Grant Application
- GATA Registration Documentation/Verification

#### Environmental Review / Special Grant Conditions

- Entire Environmental Review Record
- Notice of State Award Finalist Letter (NOSAF) with Special Grant Conditions (SGC)
- NOSAF / SGC clearance documentation
- Environmental Release Letter or Combined ER/ROF Letter
- Notice of State Award (NOSA)

### Grant Award / Agreement / Modifications

- Fully executed Grant Agreement and Welcome Package
- All Modification Requests and Approvals
- Fully Executed Modification Agreements

### Procurement of Construction Contracts (N/A for Housing)

- MBE Form
- Advertisement for Bids / Bid Solicitation Documents
- Bid Packet
- Bid Tabulation
- Notice of Award
- Contract/Sub-Contract DOL Reporting Forms
- Construction Contract with all signed certifications
- Notice of Contract Award (NOCA)
- Notice to Proceed
- Prevailing Wage Rates
- Contractor Review for Disbarment
- Contractor Bonding, Insurance
- Change Orders

#### **Construction Labor Standards**

- Pre-Con Conference Checklist/Minutes/Sign-in
- Payroll Signature Authorization
- Employee Interviews
- Construction Payrolls
- Apprentice Certifications
- Documentation of Underpayment/Wage Restitution
- Fringe Documentation

### Financial Management Records

- Bank Account Documentation
- Bonding Information
- Signature Authority/Fiscal Responsibility Documentation
- Authorized Signatory Change Forms
- Authorized Designee Signature Forms

#### Financial Expenditure Records

- General Ledgers
- Checks and Corresponding invoices
- Bank Statements
- Print outs of GRS screens requesting CDBG funds
- Copies of Expenditure Summaries
- Copies of Signed Quarterly Grantee Reports

### **Equal Opportunity**

- Fair Housing Ordinance or Resolution
- Section 3 Reports and Documentation
- Section 504 Grantee Self Evaluation for Persons with Disabilities

#### <u>Direct Benefit/Hook-Ups (PI)</u>

- Advertising of Availability of Financial Assistance
- Posting of Availability of Financial Assistance
- Application/Income Documentation of all eligible applicants
- Copies of 3 required bids per household or hook-up contract
- Invoices and checks paid per household
- Application/Income Documentation of all ineligible applicants

#### Closeout

- Final Grantee Report
- Grantee Evaluation Report (GER)
- Correspondence related to Closeout
- DCEO Financial Closeout Letter
- As Built Project Map
- Proposed Project Map

### **Monitoring**

- CDBG Monitoring Letter
- Response Documentation

#### **Miscellaneous**

- General Correspondence
- Income Surveys
- Public Comments
- Audits

### **Audit Requirements**

### **Audit Requirements**

- The State of Illinois is required to obtain and review the audit of all entities that had any State or Federally participating funds pass through it.
- The appropriate audit reporting package must be submitted through the Grantee Portal at grants.illinois.gov/portal
- Non-compliance with audit requirements could result in implementation of the Grantee Compliance Enforcement System (GCES) and may result in the inability to receive grant funds
- Helpful Resources
  - https://dceo.illinois.gov/aboutdceo/grantopportunities.html
  - DCEO Office of Accountability-<u>ceo.GrantHelp@illinois.gov</u>

# Grantee Files, Record Retention & Audit Requirements

#### RECAP

- The CDBG Grantee Records Retention Checklist is a <u>Useful Tool</u>
- Be Knowledgeable of Specific CDBG Program Requirements
- When in Doubt....Don't Toss it Out!

# COMMUNITY DEVELOPMENT BLOCK GRANTS Monitoring

**Kristy Jones** 

 DCEO is responsible for ensuring that CDBG funds are used in accordance with all program requirements and for determining the adequacy of performance under the Grant Agreement.

#### Monitoring identifies:

- If Grantees are proceeding with the project in a timely manner.
- If Grantees are carrying out activities identified in the Grant Agreement.
- Potential problem areas that Grantees may be experiencing.
- Potential concerns and/or findings that require correction.
- Opportunities for hands-on assistance.

- DCEO's role is NOT to simply "catch" grantees making mistakes/errors.
- CDBG staff conduct oversight activities to ensure:
  - All funds are spent effectively and accomplish their intended purpose; and
  - Confirm compliance with Federal statutes, regulations and the terms of the Grant Agreement.
    - -This includes established timeframes and performance goals as they relate to the activities included in the Scope of Work.

Required Grant Reporting and On-site Compliance Monitoring

- Conducted to ensure compliance deficiencies are corrected.
- Can also be utilized for the Grantee to obtain on-site technical assistance from their Grant Manager.

### **Monitoring: How Grantees are Selected**

- Grantees are initially selected for On-site Compliance Monitoring based on answers provided in the GATA Internal Control Questionnaire (ICQ).
- Grant Managers may also use their discretion and decide to conduct an on-site monitoring visit for other reasons such as if issues arise during the lifecycle of the grant.

### **Monitoring: What is Reviewed?**

- On-site Compliance Monitoring of CDBG funded activities will review:
  - Timeliness
  - LMI Benefit
  - EEO/MBE
  - Fair Housing
  - Section 504
  - Financial Management
  - Project Construction

 Prior to monitoring, your Grant Manager will reach out to you with a monitoring date.

• Your Grant Manager will follow up with an email (typically or at least 15-30 days prior to monitoring) confirming the Grantee being monitored, the date(s) of monitoring, the monitoring location, and the description of the project to be monitored. The email will also contain 4 important attachments: Grantee Records Retention Checklist, CDBG Monitoring Review Checklist, CDBG Monitoring Reference sheet, and HUD/CDBG Requirements.

#### **CDBG Grantee Records Retention**

| Grantee Name | Start Date   |    |
|--------------|--------------|----|
| Grant #1     | End Date     |    |
| Grant #2     | Award Amount | \$ |

The department requires that a filing system be established that makes finding all of the necessary source documents readily accessible. The following is a suggested sample CDBG filing system. All grant records must be maintained for five years after the closeout of the federal grant year by HUD/DCEO. See 2 CFR 200.333 Retention requirements for records.

The CDBG Grantee Records
Retention Checklist is a document
that is initially sent out with the Grant
Agreement. This document is the
guideline for organizing your file. It is
re-sent with upcoming monitoring as
a reminder to what documents are
required for your files.

The CDBG Review Monitoring Checklist is a 28-page document with questions specific to the type of CDBG Grant, and the project's state of completion. Not all pages are applicable; however, your Grant Manager will identify areas to be addressed.

CDBG MONITORING - REFERENCE DOCUMENTATION

All documentation must be available for CDBG on-site monitoring review(s)

#### Complete copy of the CDBG Grant Application

#### PROJECT TIMELINESS

#### Scope of Work

Executed Grant Agreement
Executed Grant Modification(s), if applicable

#### Release of Funds

Notice of State Award Finalist (NOSAF)
Environmental Clearance Letter
Notice of State Award (NOSA) or Release of Funds letter
Administrative Contract and related documentation, if applicable
Engineering Contract and related documentation, if applicable
CDBG Costs Ledger
Leverage/Other Source Ledger

#### **Project Progress and Management**

Quarterly Performance/Financial Reports Grant Modifications (for reference, if applicable)

#### VERIFICATION OF LOW-TO-MODERATE INCOME PERSONS

Scope of Work (from Executed GA, for reference)
LMI Source Documentation

#### Direct Benefit (for LMI hookups)

<u>Tap-On Fee and/or Service Connection Assistance Application</u> of <u>all</u> applicants Individual household files MUST contain:

Household names and address Number of persons in the household

Proof of income

Signed certification by head of household

Total household income annualized

Eligibility verification of Section 8 income limits

(Signed, including name and title)

#### EEO/MBE

Minority Benefit/Affirmative Housing Statement (from Grant Application) Section 3 Reports

#### HOUSING REHABILITATION AND ECONOMIC DEVELOPMENT

Analysis of Benefit to Minorities, Persons with Disabilities and Female Heads of Household (To be completed for <u>direct benefit activities</u> for <u>housing rehabilitation</u>, and <u>economic development.</u>)

Direct Benefit documentation

•

• The CDBG Monitoring Reference
Documentation is a 3-page document
which specifically outlines
documentation that should be made
available for the on-site monitoring
review(s).

**HUD/CDBG Requirements** 

Below you will find a list of some of the U.S. Department of Housing and Urban Development (HUD) requirements for the Community Development Block Grant program (CDBG) as contained in the Grants Management Handbook. This list is by no means inclusive of all requirements, but is simply a list of administrative problems frequently encountered by CDBG grantees. You should review the handbook to ensure that you are following all of the required federal and state rules and regulations.

- CDBG grant funds must be deposited in a non-interest bearing account. Should CDBG funds be placed in an interest bearing account, all interest in excess of \$100 (which may be used for project administration) must be returned to the department.
- DO NOT commingle CDBG funds with leverage funds, revolving funds, or any other community funds.
- All CDBG funds received must be disbursed within 20 days of receipt/deposit.
- · Checks written using CDBG funds require the following:
  - o Two signatures, it is recommended three persons be given signature authority.
  - Checks must have bank routing number and account number encoded at the bottom of the check. It is not permissible for this information to be handwritten on the check.
- Cash receipts, cash disbursements, and general ledgers document project funds must be recorded and accurately maintained. The department requires one set for the CDBG funds and a separate set for the leverage funds.
- The proposed and approved project area(s) in the CDBG grant application must not be modified without written consent by the department and through a formal Grant Modification process.
- The Grant Budget line items (Part I) and Scope of Work activities (Part II) contained in the Grant Agreement may not vary without first submitting a request for modification.
- The grantee and grant administrator must follow a project closely to ensure that the
  project is completed within the grant term. A modification request to extend the
  project end date will only be considered under extenuating circumstances. Grantees
  should inform the Grant Manager in writing of project delays.
- All grantees must have a copy of a completed Section 504 Grantee Self-Evaluation for Persons with Disabilities included in the project file.
- A Fair Housing poster must be displayed in the city, village or township hall or county courthouse and housing complaint forms must be on file. A Fair Housing Ordinance must be passed.
- Grantees must obtain Federal Prevailing Wage Rates (PWR) through the CDBG Labor Standards Officer. The <u>most current</u> PWR must be obtained prior to bid advertising and bid opening; and prior to contract award if not awarded within 90 days of bid opening. Contact <u>ceo.lso.@illinois.gov</u> for additional information and to request a
- Grantees must post the MBE form at the community hall and a local procurement technical assistance center on or before the date of bid notification.

The HUD/CDBG Requirements is a 3-page document that addresses administrative problems frequently encountered by CDBG grantees. This was initially sent out with the Executed Grant Agreement.

- The results of the monitoring will be discussed with the Grantee/Grant Administrator at the end of the monitoring visit.
- A Monitoring Report Letter will be issued to the Grantee with the results of the on-site monitoring visit. Deficiencies not corrected at the on-site visit will be identified in the letter, and the Grantee will be required to address them within the timeframe provided.
- For any Findings or Corrective Action identified, the Grantee must put those in place to resolve the issue and avoid any further measures taken by the Department.

## **Monitoring: Potential Outcomes** 2 CFR 570.501(b); 2 CFR 200.328 and 200.33

Monitoring may result in the identification of "Findings" and/or "Concerns":

 A <u>Finding</u> is a deficiency in program performance based on a statuatory, regulatory or program requirement for which sanctions or other corrective actions are authorized.

• A *Concern* is a deficiency in program performance *not* based on a statuatory, regulatory or other program requirement. A Concern about program design or operations is issued when, in DCEO's judgment, the practice could result in non-compliance with a statutory, regulatory or other program requirement if not properly corrected.

# Monitoring: Potential Outcomes 2 CFR 570.501(b); 2 CFR 200.328 and 200.331

October 5, 2023

Honorable Nobody Mayor City of Nowheresville P.O. Box 123 Nonexistant, IL 62330-0454

Dear Honorable Nobody:

On September 26th & September 28th, Grant Manager Extraordinaire, of the Illinois Department of Commerce and Economic Opportunity (DCEO) monitored the City of Nowheresville's Community Development Block Grant (CDBG) Program Grant #21-242XXX for constructing approximately 15,500 linear feet of sewer main re-linings and spot replacements, as well as the re-lining, rehab or replacement of associated manholes, point repairs, and lateral connections, in a target area bound by the Mississippi River, Ghost Street, Invisible Street, and Spector Avenue.

The purpose of the monitoring visit was to determine whether the City of Nowheresville has implemented and administered CDBG funded activities according to applicable Federal requirements. In this monitoring review particular attention was paid to Timeliness, LMI Benefit, EEO/MBE, Fair Housing, Section 504, Financial Management Review and Construction Project Review.

Monitoring reviews may result in the identification of *Findings and/or Concerns*. A *Finding* is a deficiency in program performance based on a statutory, regulatory or program requirement for which sanctions or other corrective actions are authorized. A *Concern* is a deficiency in program performance not based on a statutory, regulatory or other program requirement. The State issues a Concern about program design or operations when, in the State's judgment, the practice could result in noncompliance with a statutory, regulatory or other program requirement, if not properly corrected.

Overall, the City of Nowheresville is making diligent efforts to comply with applicable Federal requirements. DCEO Staff found that the City of Nowheresville has administered its CDBG grant in a satisfactory manner. As a result, there are no findings or concerns to report from this monitoring visit.

DCEO staff appreciates you and your grant administrator's (Mr. Supremely Successful of Best Ever Engineers in Happytown, IL) dedication to the community and economic development needs of the City of Nowheresville; as well as your ongoing assistance throughout the administration and monitoring of the CDBG grant.

Sincerely,

Wendy Bell Deputy Director Office of Community Development

cc: Mr. Supremely Successful, Best Ever Engineers

Monitoring may find the Grantee fully in compliance with Federal requirements, with grant being administered in a satisfactory manner, and with no issues to rectify. A letter will be issued to the Grantee, to this effect.

# Monitoring: Potential Outcomes If there are Findings or Concerns:

October 5, 2023

Honorable Wrongly Village President Village of Straying P.O. Box 5678 SoWrong, IL 61475

Re: Monitoring of Grant #21-242XXX, for \$256,813.00 in Illinois CDBG funding, to design and construct a new municipal water well and bio-retention basin, and replace approx. 2,500 lineal feet of 4-inch water main with 6-inch water main, from another, existing municipal water well on the east side of the corporate limits of the Village of Straying, Incorrect County, to its water tower adjacent to the newly constructed additional well.

Dear Honorable Wongly:

On 09/27/23 and 09/28/23, Grant Manager Extraordinaire of the Illinois Department of Commerce and Economic Opportunity (DCEO) monitored the Village of Straying's Community Development Block Grant (CDBG) Program Grant(s) referenced above. The Department's CDBG program is a product of the Federal Community Development Block Grant (CDBG) program established by the United States Housing and Community Development Act of 1974, as amended

The grant period under review was from 07/01/2020 to 06//30/22. In addition to examining relevant files during the review, the CDBG monitor met with the following grant administrative staff: Sally Sadness and David Despair of Nota-Real Planning Commission, Offtrack, Illinoios. Mr. Extraordinaire also visited the following Grant project site(s) in your community as part of the monitoring visit: the newly constructed well and traced the route of the newly installed water main from the eastern well to the water tower.

The purpose of the monitoring visit was to determine whether the Village of Straying has implemented and administered CDBG-funded activities according to applicable Federal and State requirements. During the monitoring visit, the following areas of review were covered: Timeliness, EEO/MBE, Fair Housing, Section 504, Financial Management, and Construction Project Review.

Following the Department's review, we are making one (1) Finding and one (1) Concern, as noted below, regarding the use of CDBG funds. A Finding is defined as a program element that does not comply with a Federal or State statute or regulation; whereas a Concern is either a potential Finding or a program weakness that should be improved to avoid future problems, including with any additional Illinois CDBG grants your community may subsequently receive. They are items which, if addressed, will help avoid potential future Findings. The Finding(s) and/or Concern(s) are as follows:

<u>Finding 1</u>: The project construction payrolls for Laxy-O Construction, Inc. were not signed by the same contractor's officer or employee authorized on the *Certificate from Contractor Appointing Officer or Employee to Supervise Payment of Employees*. The payrolls were signed by Ms. Substitute Signer, EEO Officer, while Ms. Financial Fitness was the Lazy-O official listed on the payroll supervision *Certificate*.

Corrective Action: Grantee will have NARPC staff request Lazy-O Construction to execute a new Certificate from Contractor Appointing Officer or Employee to Supervise Payment of Employees, containing the name and title of the officer or employee who signed the project construction payrolls (i.e., Ms. Substitute Signer). It should be backdated to the date when Ms. Signer assumed that role from the departed Ms. Fitness. NARPC has a blank Certificate form available for Lazy-O's Construction's use.

Concern 1: The Notice of Award and construction contract with Catch-Me Pump Service, Inc., and the Lazy-O Construction, Inc. contract, were undated.

The remaining Catch-Me Pump Service and Lazy-O Construction contract-related documents were signed and dated as required, and Mr. Despair believed each firm's construction contract was most likely dated on the same date as each firm's EEO and Section 3 forms, which are all typically signed on the same day as the construction contract. He believed the lack of relevant dates may owe to the project's then-engineer, which was not a firm that NARPC staff had previously worked with on CDBG-funded projects.

Corrective Action: For any future Illinois CDBG grants, Grantee and its grant administrative staff at NARPC must ensure that all construction contracts and related forms are signed and dated as required. No response is required.

Statement Acknowledging Difference of Completed Project vs. Approved Project Scope of Work: The Department has previously acknowledged to the Village and its grant administrative staff at NARPC that it was acceptable to close the grant without construction of the IEPA-previously suggested bio-retention basin, since the well newly constructed with CDBG funds was determined to be contaminated with the same matter that IEPA previously cited in one of the Village's other existing wells, and there appeared to be confusion between IEPA and an engineering firm it had recommended for designing the new well. The Department acknowledges that the newly constructed well may only serve non-potable water needs (e.g., for fire protection); that the newly replaced water main along East Whatchamacallit Street will convey water from a different well with no anticipated breaks for the foreseeable future; that the Village is working with a new engineering firm to design a connection to a neighboring water supply, per IEPA regulations; and that the Village may apply for competitive CDBG funding from DCEO to construct that connection.

#### Requested Action:

We request that the Village of Straying, within thirty (30) days of receipt of this letter, address the Findings and/or Concerns noted above. For Findings requiring the submistation of documentation, that documentation must be submitted within the 30-day receipt date of this letter. For Concerns suggesting future CDBG operational changes by your community and/or its grant administrative staff, and a "no response" statement is not included above, it is strongly encouraged that you submit written assurance that the recommendations for those Concerns will be implemented, to reduce the likelihood that those Concerns will become Findings in the future, which may affect your community's ability to apply for CDBG funding in the future.

If a response is required, we look forward to receiving your response within thirty (30) days of receipt of this monitoring letter. Please send your response to Mr. Ernest Extraordinaire, CDBG Grants Manager, 807 E Adams St. 3<sup>rd</sup> Floor, Springfield, IL 62701. If there should be any reason why you would have difficulty responding by the deadline, please contact Ernest as soon as possible by calling him at 217-867-5309, or e-mailing him at mest extraordinaire@illinois.gov. Once all Corrective Actions requiring a written response noted above have been submitted to and approved by the Department, you will be sent a confirmation letter closing the grant monitoring. If none of the Corrective Actions require a written response, and only offer suggestions for future grant administrative improvements, then please consider the monitoring to be closed.

Our monitoring staff appreciated the assistance of your community's grant administrative staff during the

## Monitoring: Future Impacts with Findings or Concerns

 Grantee may be assigned a higher level of risk and additional conditions to mitigate that risk of non-compliance may be assigned for this and future grants.

- If a Grantee/Grant Administrator has repeated Findings/Concerns and has not implemented suggestions or utilized information provided via Technical Assistance, then DCEO can ban specific Grant Administrators or Grantees from applying for future funding; for a *minimum* of 1 year.
- HUD may consider taking enforcement action against non-compliant grantees as required by 2 C.F.R. 200.339 which speaks to remedies for non-compliance.

## Monitoring: Future Impacts with Findings or Concerns

 Temporarily withhold cash payments pending correction of the deficiency by the non-Federal entity or more severe enforcement action by the Federal awarding agency or pass-through entity.

Types of outcomes resulting from a Monitoring Review or Visit.

- Disallow (that is, deny both use of funds and any applicable matching credit for) all or part of the activity or action not in compliance.
- Wholly or partly suspend or terminate the Federal award.

## Monitoring: Future Impacts with Findings or Concerns

 Initiate suspension or debarment preceedings as authorized under 2 CFR part 180 and Federal awarding agency regulations (or in the case of a pass-through entity, recommend such a proceeding be inititated by a Federal awarding agency).

Types of outcomes resulting from a Monitoring Review or Visit.

- Withold further Federal awards for the project or program.
- Take other remedies that may be legally available.

## **Common Mistakes**

Sean Dickerson

### Mistakes lead to policy changes

Due to some recent on-site monitoring, it has become apparent that there are some areas that seem to cause repeated issues for Grantees and therefore policy changes for DCEO. Let's discuss:

#### **Bid Packets**

Project bid packets are missing the <u>signed</u> Equal Employment Opportunity Certification (EEO) form by Contractors and Subcontractors.

#### **Contracts**

Once the Grantee receives the Executed Grant Agreement, provisions need to be made for bid advertisement and bid specifications to be sent to your Grant Manager for review. We are seeing several projects delayed, which creates unnecessary end-date modifications.

### **Wage Rate Determination Issues**

 You <u>must</u> remember to update your Wage Rate Determination (WRD) if your contract is not awarded within 90 days after the bid opening.

 If not completed, this may result in financial restitution being warranted.

### **Wage Rate Determination Issues**

 You <u>must</u> remember to update your Wage Rate Determination (WRD) if construction starts more than 90 days after the bid opening.

 If not completed, this may result in financial restitution being warranted.

## **Payroll**

Apprentices are working alone. This should not be a common practice. If there is an unexpected event that necessitates this happening, then prevailing wage must be paid...NOT apprentice rates.

## **Payroll**

Employees are working under wrong job classifications. Please make sure to mark your payrolls according to the Classifications defined in your Wage Rate Determination (WRD).

## **Payroll**

The person(s) signing certified payroll reports must be the person(s) authorized on the Contractor Profile Form.

### **Payroll-Fringe Benefits**

- Fringe benefit information is missing from several grantee files.
- Fringe benefits are not being paid out correctly.

### **Employee Interviews**

- Employee interviews are not being conducted or are not including all job classifications/trades.
- Interview forms are not being reviewed and compared to the payroll by the Payroll Examiner/Project Labor Standards Officer.
- Employee interviews are not being conducted in the appropriate numbers. You must interview one person from each trade on the job site.

#### **Grantee Accounts**

- CDBG funds should <u>not</u> be co-mingled with any other funds.
- CDBG funds should <u>not</u> be deposited into interest bearing accounts.

#### **Grantee Accounts**

Not all Grantees are following the 20-day disbursement rule. When a check is received from DCEO, those funds should be paid out within 20 days and not remain in the Grantee's account for an extended period of time.

### On Site Monitoring Visits

- Grantees should have organized files. Please put your paperwork in a binder or organized in files and labeled for easy access.
- Everything that is submitted to your Grant Manager electronically, should be on file for monitoring.
- On site monitoring should be a very smooth and seamless process.
   Monitor visits should last no more than 4 hours. If your Grant
   Manager arrives for a monitoring visit, and they feel you are not
   ready, you will be asked to bring all files to Springfield to be
   monitored later.

### **Bonding**

- Each signatory must be bonded at 20% of the grant award and the bond must cover 100% of each check written.
- For example: if the total grant award is \$1,500,000 and the bond is set at the required 20% threshold of \$300,000, then that is the total of any check that can be written.
- The grantee can't request \$250,000 in one voucher and then turn around in the next few weeks and ask for another \$100,000, as there would be likelihood that \$350,000 (above bond) in the account at one time.
- To best protect the community, the bond must be for any amount of CDBG funds the grantee may have on hand. In the previous example, if they request \$100,000 and have \$250,000 in the bank that the contractor has not cashed, then the bond should be for \$350,000, or they need to hold off on making the 2<sup>nd</sup> cash request until the original funds have left the account.

#### Miscellaneous Errors

- Make sure dates are correct throughout the grant application and all reports that follow.
- Project descriptions must match throughout documents.
- Making sure appropriate numbers match budget documents being submitted.
- Make sure GATA budgets are correct when submitted.
- Please pay attention to details.
