IL ARPA: NEU Webinar

January 2023

*Thank you for joining,
we'll begin our session soon!*

- Reminder – as a non-entitlement unit (NEU), your reporting requirement with the U.S. Treasury is on an annual basis. ***The next reporting deadline is on April 30, 2023.***
- **2nd tranche payments** – The state released the second tranche to all NEUs at the end of September. If you do not think you received the payment, please contact us at ILARPA@crowe.com
- For the most up-to-date information, please visit <https://dceo.illinois.gov/cureneu.html> . This includes important links to US Treasury, dates to upcoming support webinars and access to past webinar information.

- Treasury expects to keep this portion of the reporting portal open through the **April 2023** reporting period in order to provide an opportunity for annual reporters to take advantage of this flexibility
- Standard Allowance allows you to claim your entire allotment under revenue loss without calculating the actual lost revenue.
- Recipients can use their funds on government services that generally include **any service traditionally provided by a government**, unless Treasury has stated otherwise.

Reminder!

Illinois NEU Allocations from ARPA

American Rescue Plan Funds (ARPA) for Non-entitlement Units (NEU) of Local Government (Portal now open)

The American Rescue Plan Act of 2021 (ARPA) appropriates \$19.53 billion to States for distribution to tens of thousands of non-entitlement units of local government (NEUs). ARPA directs the U.S. Department of the Treasury (Treasury) to make payments to each State for distribution to NEUs within the State. Illinois' NEU allocation is \$742 million. In Illinois, eligible NEUs include more than 1,250 cities, towns and villages that each serve a population under 50,000.

These funds provide a critical source of relief for local governments, including smaller governments which have not received direct financial assistance from the federal government since the onset of the COVID-19 pandemic.

Authorized representatives from each NEU can log into the portal, request their allotment and download all the required Treasury documentation. Allocations to communities are made on a per-capita basis in two payments. After completing the allocation request on the portal local governments will receive their allocation in two payments: the first will be made within 30 days of portal completion, the second to be made approximately one year later.

Funds can be used to cover revenue losses and the costs of responding to the COVID-19 public health emergency or to its negative economic impacts on households, small businesses, impacted industries, essential workers, and the communities hardest-hit by the crisis. These funds can also be used to invest in building, maintaining, or upgrading water, sewer, and broadband infrastructure.

Note: Per Treasury guidance, NEUs that did not claim their allotments within 60 days after the State began accepting and processing requests for funding, forfeited their allotment. As of November 19, 2021, the State distributed any remaining funds to NEUs who elected to receive funds. No further re-allocation of funds will be made during the program timeline.

We want to hear
from you!
Questions?

Use the 'raise hand'
feature, facilitator will
ask you to un-mute.
