Purpose

The Energy Transition Workforce Commission was created by the Climate and Equitable Jobs Act “CEJA” (Public Act 102-0662). The Commission is charged with producing an Energy Transition Workforce Report that anticipates the impact of the energy transition on Illinois’ workforce and provides recommendations to address changes to Illinois’ workforce between 2020 - 2050. The Commission consists of CEJA Regional Administrators, leadership from multiple state agencies, and community leaders from Illinois’ business, labor, and environmental justice communities.

The commission wishes to receive public testimony from communities throughout Illinois to inform the recommendations we will make at the end of the year. The Commission would like to hear the economic impact that a closure or transition of a facility has had on businesses, schools, and families.
