Grants

❖ [Grant Opportunities](#)

DCEO's Grants Opportunities webpage includes a list of current [grant opportunities](#), a [grantee requirements](#) page which explains how to prepare in receiving a grant and how to be successful, and a [grant maintenance](#) page shares how to meet and maintain grant requirements after a business is awarded. The site also includes a [Grant Basics Learning Library](#) which presents short video tutorials introducing key terms and best practices for the beginning stages of the grant process and many other resources.

❖ [DCEO's Federal Grant Support Program](#)

(DCEO)'s Federal Grant Match Program will make \$15 million available to Illinois-based businesses and organizations seeking competitive federal grants.

❖ [OMEE Business Resource Library](#)

Learning how to prepare for grant opportunities is among featured business resources in the OMEE Business Resource Library. As content is presented through videos, slides are also included. The OMEE Business Resource Library is presented by the Office of Minority Economic Empowerment (OMEE) at the Illinois Department of Commerce & Economic Opportunity (DCEO) and the Illinois Small Business Development Center (IL SBDC) Network at DCEO.

Loans

❖ [Advantage Illinois – State Small Business Credit Initiative \(SSBCI\) 2.0](#) (new program)

As the Advantage Illinois program supports small businesses by enhancing access to financial capital, the programs make eligibility as flexible as possible, maximizing the impact on Illinois economy and especially encouraging loans to [Socially and Economically Disadvantaged Individuals \(SEDI\) and Very Small Businesses \(VSB\)](#), or businesses with fewer than 10 employees.

- The **Advantage Illinois Participation Loan Program (PLP)** helps Illinois businesses get term loan financing at lower rates by purchasing a portion of the loan and lowering risk for lenders.
- The **Advantage Illinois Loan Guarantee Program (LGP)** will provide a guarantee of partial repayment to the lender if a loan goes into default.

As the [Advantage Illinois Participation Loan Program \(PLP\)](#) helps Illinois businesses get term loan financing at lower rates, the state purchases a portion of the loan, which lowers the risk for the lenders. Advantage Illinois fills the gaps that prevent businesses from obtaining financing due to:

- collateral and/or equity shortfalls, lack of historical cash flow, low credit scores and/or negative net worth

One of the Advantage Illinois PLP loan types are for **Socially and Economically Disadvantaged Individual(s) (SEDI)**, which helps businesses owned/ controlled by individuals with diminished credit. The loan program supports the following business owners and entrepreneurs:

- membership of a group subjected to racial/ ethnic prejudice or cultural bias
- gender
- veteran status
- limited English proficiency
- long-term residence in an isolated environment from mainstream American society
- member of a federally or state-recognized Indian Tribe
- long-term residence in a rural community
- residence in a community undergoing economic transitions
- membership of another “underserved community” (Executive Order 13985)

Socially and Economically Disadvantaged Individual(s) (SEDI) program details

- Maximum participation is the lesser of:
 - 50% of the project (all sources of funding)
 - 50% of the loan or \$2 million
- Maximum term is 7 years and rate fixed at 2%
- Job creation and/or Retention: With each \$65,000 participated, one full time job should be created or retained in the next 2 years.

For additional information about the [Advantage Illinois – State Small Business Credit Initiative \(SSBCI\) 2.0](#) program, including the Socially and Economically Disadvantaged Individual(s) (SEDI) program, [click here](#).

❖ [Climate Bank Finance Participation Loan Program](#)

This new program will be overseen by DCEO and administered by the Illinois Finance Authority (IFA), which will partner with local lenders to issue the loans. As Illinois officially designated “Climate Bank”, IFA will be exclusively focusing on providing its SSBCI-supported financing for the start-up and/or expansion of ventures directly involving environmentally-supportive, “green” businesses, including those that address the adverse impacts of climate change.

❖ [Business Invest](#)

The Office of the Illinois State Treasurer Michael W. Frerichs partners with approved financial institutions to provide business loans -- either lower rate loans, or loans to a business or non-profit that would not otherwise qualify -- to facilitate capital to underserved communities. This provides an opportunity for the Treasurer’s Office to stimulate business growth and economic activity while earning a competitive return for the state.

❖ [Ag Invest](#)

Through a commitment to Ag Invest, the Office of the Illinois State Treasurer Michael W. Frerichs partners with approved financial institutions to provide qualified farmers, agri-business and agriculture professionals below- market rate loans to start, expand or add value to their farm operations. The loans provided by the financial institution can be used for the purchase of farm equipment, purchase of land, construction-related expenses, provide operating lines of credit or other costs related to conventional or sustainable farming.

❖ [Equity Agriculture Programs](#)

The Illinois Department of Agriculture has identified programs at both the state and federal level which either specifically support socially disadvantaged farmers, or which can be utilized by socially disadvantaged farmers. These programs offer options in commercial, large-scale agriculture as well as small-scale urban agriculture, agribusiness, and food programs.

Venture Capital & Additional Funding Programs

❖ [INVENT Venture Capital Program \(VCP\)](#)

The Illinois Innovation Venture Fund (INVENT) is a \$114 million direct equity capital program funded through the U.S. Department of the Treasury State Small Business Credit Initiative (SSBCI) and administered by the Illinois Department of Commerce and Economic Opportunity (DCEO). DCEO is committed to ensuring opportunities for founders and communities that have faced barriers to accessing capital. The funds are expected to provide small businesses with the resources they need to sustainably grow and thrive, and to improve access to capital for traditionally underserved entrepreneurs. INVENT is dedicated to ensuring that it supports investments in very small businesses (fewer than 10 employees); Capital Disadvantaged Business (CDB) owners and businesses owned and controlled by socially and economically disadvantaged individuals (SEDI); and businesses in industries aligned with the state's key sectors in our economic development plan. Visit [SEDI and CDB](#) and [Key Sectors](#) for additional information.

❖ [Illinois Growth and Innovation Fund \(ILGIFT\)](#) *for technology-enabled businesses*

The Office of Illinois State Treasurer Michael W. Frerichs makes targeted investments with venture capital, growth equity, and private venture debt funds that invest in technology-enabled businesses and are either based in Illinois or possess a significant workforce in Illinois. Tech-enabled businesses can be situated in industries such as, but not limited to: agricultural tech, bio tech, consumer tech, financial services tech, green tech, health care tech, logistics tech, manufacturing tech, and services tech.

Incentives & Tax Assistance

❖ [Incentives and Tax Assistance](#)

Illinois offers a competitive range of incentives for locating and expanding your business, including tax credits such as the [Illinois Angel Investment Tax Credit Program](#) which encourages investment in innovative, early-stage companies to help obtain the working capital needed to further the growth of their company in Illinois and exemptions that encourage business growth and job creation. Additional grant programs and access to loans can assist your business with working capital, machinery and equipment, land acquisition, building construction and public infrastructure improvements. And for those looking to invest in Illinois companies, early-stage investment incentives are also available.

As the State of Illinois greatly expanded business incentives to attract and retain job creators looking to locate or expand their business in Illinois. Those new changes in 2023 include:

- \$400 Million Closing Fund: Discretionary cash assistance available for major job creators with significant investments through the Invest in Illinois Fund.
- Expanding and improving Illinois' premier incentive programs, including:
 - [Reimagining Energy and Vehicles \(REV Illinois\)](#)
 - [Economic Development for a Growing Economy \(EDGE\)](#)
 - [Manufacturing Illinois Chips for Real Opportunity \(MICRO\)](#)
 - [High Impact Businesses \(HIB\)](#)
 - [Enterprise Zone Expansion](#)

To learn more about the above programs and additional incentives and tax assistance that the State of Illinois offers such as the [Data Centers Investment Program](#), [Film Production Tax Credit](#), etc., please [click here](#).
