

Check List

National Emission Standards for Hazardous Air Pollutants (NESHAP): Paint Stripping and Miscellaneous Surface Coating Operations at Area Sources (40 CFR Part 63 Subpart HHHHHH)

This check list is intended to document completion of required training topics under 40 CFR 63.11173 (f)(2)(i) through (2)(iv) for personnel, including contract personnel, who spray apply surface coatings.

Date: _____ Class: _____

Name of Operator Receiving Training: _____ Phone: _____

Job Description: _____

Company Name: _____

Company Address: _____

Training requirements to be completed:

	<u>Classroom</u>	<u>Hands-on</u>
	<u>Training</u>	<u>Training</u>
1. Spray gun equipment selection	O	O
2. Spray gun setup	O	O
3. Spray gun operation	O	O
4. Measuring coating viscosity	O	O
5. Selecting the proper fluid tip size	O	O
6. Achieving the proper spray pattern	O	O
7. Achieving the proper air pressure and volume	O	O
8. Achieving the proper fluid delivery rate	O	O
9. Spray technique to improve transfer efficiency		
i. Maintaining correct gun distance and angle	O	O
ii. Using proper banding and overlap	O	O
iii. Reducing lead and lag at stroke beginning and end	O	O
10. Routine spray booth and filter maintenance	O	O
11. Booth filter selection and installation	O	
12. Environmental compliance with the requirements of this subpart	O	

The aforementioned operator has successfully completed the training course in the topics shown above.

Signature: _____

Date: _____

I certify that the aforementioned employee has fulfilled the training requirements under 40 CFR Part 63 Subpart HHHHHH - National Emission Standards for Hazardous Air Pollutants (NESHAP): Paint Stripping and Miscellaneous Surface Coating Operations at Area Sources. (The certifying official must be the owner or operator)

Signature of owner/operator

Date: (Recertify every 5 years)

Print name of owner/operator
