Location(s): [List Primary Locations]

I, **[Sustainability Lead]**, hereby certify that I have acted as the Sustainability Partner for the production titled **[Title]** and have overseen the implementation of the sustainability plan submitted to the Illinois Film Office on **[Date]**.

I confirm that the production has adhered to the sustainability criteria required for **[Illinois Film Office 5% Green uplift]** throughout all phases of production, including prep, shooting, and wrap.

Key Initiatives Implemented:

- **Energy Management:** Reduced reliance on diesel generators by using renewable energy or grid power.
- **Transport & Logistics:** Optimized travel plans, prioritizing electric/hybrid vehicles and reducing air travel.
- **Waste Management:** Implemented on-set recycling and composting, reducing landfill waste by [Percentage, e.g., 50%] compared to standard productions.
- **Catering:** Provided sustainable, locally sourced catering, with zero single-use plastic bottles.
- **Materials:** Used environmentally friendly materials for set construction, with materials salvaged or recycled post-production.

I declare that all documentation provided to the Illinois Film Office in support of this certification is accurate and true. Please see the detail production report for details.

Signed,
